CONSOLIDATED GAS CO. OF NEW YORK

A corporation formed under the laws of New York, November 10, 1884. The company was a consolidation of the New York, Manhattan, Metropolitan, Municipal, Knickerbocker and Harlem Gas Companies of New York City. Its system has 2,095 miles of mains, and at the beginning of 1912 had 848,266 gas meters and 189,691 electric meters in service.

In 1898 this company acquired a large interest in the Mutual Gas Co. In 1899 control of the United Electric Light & Power Co. was obtained. In 1900 a controlling interest in the New York Gas & Electric Light, Heat & Power Co. was acquired, which company controlled the Edison Electric Illuminating Co. of New York. In May, 1900, this company acquired control of the New Amsterdam Gas Co. In June, 1900, it purchased a large block of the Standard Gas Light Co.'s stock.

Through these acquisitions the company controls all the gas and the larger portion of electric lighting facilities in the Borough of Manhattan. In July, 1904, the company acquired control of the Westchester Lighting Co. and formed the New York & Westchester Lighting Co., which was merged with the Westchester Lighting Co. In 1911, application was made for authority to acquire the stocks of the New York & Queens Electric Light & Power Co. and of the New York & Queens Gas Co.

The company has erected large gas plants at Astoria and Ravenswood, L. I., connected by a tunnel under the East River with its distributing system in Manhattan and a second tunnel to the Bronx is under construction. The above tunnels were built under the charter of the East River Gas Co. of Long Island City.

The Legislature of New York having passed an Act reducing the price of gas on May 1, 1906, to 80 cents per 1,000 feet this company instituted litigation to test the validity of the law. In connection with the suit the company had deposited up to February, 1909, about $9,117,392

to secure customers who paid $1 per 1,000 feet in case it was decided that only 80 cents could be charged. In January, 1909, the Supreme Court of the United States decided against the company in this suit and the return of the deposit to the consumers was ordered and effected.

Stock.....Par $100..... .....Authorized, $100,000,000 .....Issued, $99,816,500

Stock is transferred at the office of the company, New York. Registrar, Farmers' Loan & Trust Co., New York.

Dividends are paid quarterly, March (15), June, September and December. In June, 1893, dividends were increased from the rate of 6 per cent. to 8 per cent. per annum. In June, 1899, owing to the reduction of gas prices caused by competition, the company reduced the quarterly dividend to 1½ per cent. and in the following September to 1 per cent., which rate was maintained until September, 1900, when 2 per cent. was paid and continued to be the regular rate until December, 1904, when the quarterly dividends were raised to 2½ per cent., making the annual rate 10 per cent., which continued to be paid until June, 1905, when it was reduced to 2 per cent., which was the quarterly rate until March, 1906, inclusive. The June, 1906, and subsequent dividends were 1 per cent. quarterly until December, 1910, when the quarterly rate was increased to 1½ per cent., or 6 per cent. per annum.

CONSOLIDATED GAS ELECTRIC LIGHT & POWER CO. OF BALTIMORE.

A corporation formed under the laws of Maryland, February 14, 1905, as the Consolidated Gas, Electric Light & Power Co. The company was a consolidation of the United Electric Light & Power Co., Baltimore, and the Wenstrom Electric Co. The company also acquired a majority of the stock of the Consolidated Gas Co. of Baltimore City, and merged that company June 20, 1906, forming the Consolidated Gas, Electric Light & Power Co. of Baltimore. The charter specifically empowers the company to engage in the gas, electric light and power business in the City of Baltimore and all other parts of Maryland. The charter has no limitation as to time. Its operations now extend throughout the City of Baltimore and into the adjacent counties, namely, Baltimore, Anne Arundel and Howard Counties, and it now controls the entire gas and electric lighting business of the City and vicinity.

The company owns the entire capital stock of the Northern Electric Co. and the Mount Washington Electric Light & Power Co.'s stock. In January, 1907, the company acquired the stock of the Roland Park Electric & Water Co.

In November, 1907, the Baltimore Electric Co. was leased for a term of 999 years. Almost all the common stock of that company is owned by the Maryland Securities Co., and the latter company's stock is owned entirely by the Consolidated Gas Electric Light & Power Co. of Baltimore. Under the lease, this company guarantees the bonds of the Baltimore Electric Co., both principal and interest, and dividends of 5 per cent. on its preferred stock.

The company has a contract with the Pennsylvania Water & Power Co. for power transmitted from the Susquehanna River, at McCall Ferry, to Baltimore.

The preferred stock is 6 per cent. cumulative, and is redeemable at 120 and accrued dividends. In March, 1911, the common stock authorized was increased from $6,300,034 to $8,500,000, and $800,000 new common stock was offered to stockholders at par, $735,000 of the proceeds being used to retire the old prior lien preferred stock at 105, of which $700,000 was then outstanding. Transfer Agent, Continental Trust Co., Baltimore. Registrars, Alexander Brown & Sons, Baltimore.

On the preferred stock a dividend of 1¾ per cent. was paid in October, 1906, and the subsequent dividends have been 3 per cent. each, semi-annual, in April (1) and October. The initial dividend on the common stock was 2 per cent. semi-annual paid April 27, 1910. On November 1, 1910, paid 2 per cent. and on February 15, 1911, paid 1 per cent. On April 1, 1911, 1¼ per cent. quarterly was paid, the same rate being paid on the common July 1 and October 1, 1911, and January 2, 1912.

The guaranteed dividends of 5 per cent. per annum on the $1,000,000 preferred stock of the Baltimore Electric Co. are paid semi-annually January 1 and July 1.

THE CONSOLIDATION COAL CO.

A corporation formed under the laws of Maryland, March 9, 1860. The company has a coal property in the George's Creek, Cumberland region. It owns the stock of the Cumberland & Pennsylvania Railroad, 55 miles, including branches.

In January, 1903, a controlling interest was acquired in the stocks of the Fairmont Coal Co. and the Somerset Coal Co. In May, 1909, the minority interests were also purchased. By acquisition of the capital stock of the Fairmont Coal Co., The Consolidation Coal Co. became owner of the Clarksburg Fuel Co. and the Pittsburg & Fairmont Fuel Co., the entire capital stock of which was owned by the Fairmont Coal Co.; also the Southern Coal & Transportation Co., which was merged into the Fairmont Coal Co., March 31, 1908, and a majority of the stock of the North Western Fuel Co., which stock was owned by the Fairmont Coal Co.

The Consolidation Coal Co., in November, 1903, acquired a majority ($501,100) of the stock of the Metropolitan Coal Co., owning storage and distributing facilities in New England territory. In 1909 the company acquired the Portsmouth Coal Co., of Portsmouth, N. H., with docks and storage facilities. In 1910, acquired large coal land interests in the Elkhorn, Ky., coal district, embracing about 100,000 acres. In 1911, an arrangement was made with the Baltimore & Ohio Railroad Co. whereby it would take over the Sandy Valley & Elkhorn Railroad, 30 miles, under construction to the Consolidation Coal Co.'s Kentucky property, at cost and interest.

The Baltimore & Ohio Railroad Co. had considerable interests on this company's stock, which in April, 1906, were sold to a syndicate.

Stock.....Par $100.. .....Authorized, $25,000,000.....Issued, $25,000,000

In March, 1909, the authorized stock was increased from $10,250,000 to $20,000,000, and $6,150,000 of the new stock was distributed as a 60 per cent. stock dividend, May 1, 1909. In December, 1910, the authorized stock was further increased to $25,000,000.

COPPER RANGE CONSOLIDATED CO.

A corporation formed under the laws of New Jersey, December 2, 1901, to acquire the stocks of the Copper Range Co. and the Baltic Mining Co., both Michigan corporations. Details of the plan for this combination were given in the MANUAL for 1905. The company has an interest in the Trimountain Mining Co. and a one-half interest in the Champion Copper Co. In 1911, it made an offer for the purchase of the Atlantic Mining Co. through an exchange of stocks.

The Copper Range Co. was formed under the laws of Michigan in 1899 to construct and own a railroad in the upper Michigan copper mining district and to acquire and develop the mineral lands lying along the line of the road.

The company acquired the rights and franchise of the Northern Michigan Railroad Co., which was reorganized under the title of the Copper Range Railroad Co. The latter company's road extends from Calumet, Mich., to Mass City, Mich., with branches 82 miles, mileage including side tracks, 115 miles.

See below for the capitalization and funded debt of the railroad company.

CORN PRODUCTS REFINING CO.

A corporation formed under the laws of New Jersey, February 21, 1906. The company was organized to effect a financial reorganization of the Corn Products Co. and to unite the control of that company and of other concerns. See below for details of plan. In 1908, the Corn Products Co. was formally merged with the company. The Corn Products Co. was a combination in 1902 of the National Starch Co., the Glucose Sugar Refining Co. and other organizations. See statement of the Corn Products Co. in the MANUAL for 1906.

The company acquired, in addition to the Corn Products Co. and the New York Glucose Co., the entire capital stocks of the Warner Sugar Refining Co., Waukegan, Ill., and the St. Louis Syrup Preserving Co. It also controls Corn Products, Limited, a British corporation, and a German company of the same title.

Stock... Par $100....Authorized { com., $50,000,000 / pref., 30,000,000 } Issued { com., $49,756,500 / pref., 29,818,600 } $79,575,100

The preferred stock is 7 per cent., cumulative. In December, 1910, a committee of Directors was appointed to report upon the desirability of a reduction in the amount of the company's stock.

The initial dividend on the preferred stock was 1 per cent., paid in July, 1906, and quarterly dividends of the same amount were also paid in October, 1906, and January, 1907. In April, 1907, paid 4 per cent., making 7 per cent. for the fiscal year. The subsequent quarterly dividends were, however, only 1 per cent. each, until, April 1908, when 1 per cent. extra, making 5 per cent. for the fiscal year. The subsequent quarterly dividends have been 1 per cent. each with 1 per cent. extra in April, 1909, 1910 and 1911.

CRUCIBLE STEEL CO. OF AMERICA

A corporation formed under the laws of New Jersey, July 21, 1900. The company purchased the plants and goodwill of a number of concerns engaged in the manufacture of crucible and high-grade steel and products thereof, a list of the plants being given in the MANUAL for 1904.

The Park Steel Co., one of the chief constituent companies, was formed in 1899. Full details of its organization and finances will be found under its own title in the MANUAL for 1903.

In 1901, this company organized the St. Clair Furnace Co. and St. Clair Steel Co., which built large plants at Clairton on the Monongahela River. In 1902, this company formed the Clairton Steel Co., which took over the St. Clair companies. In May, 1904, the United States Steel Corporation acquired the Clairton Steel Co., assuming its bonds.

In February, 1911, this company organized the Pittsburg Crucible Steel Co. to acquire the property of the Midland Steel Co., Midland, Pa., and to improve and extend that plant. The company also organized and controls the Crucible Coal Co., which acquired 2,000 acres of coal land, with mines sufficient to supply the parent company and its subsidiaries for twenty-five years.

THE DENVER UNION WATER CO.

A corporation formed under the laws of Colorado, October 14, 1894. The company owns and operates, under various franchises extending to 1910, the waterworks of Denver and the adjacent towns. The population served is 215,000. The company has a system of about 500 miles of mains and some 3,250 fire hydrants and 42,563 taps. It controls the South Platte Canal & Reservoir Co., which in 1904 completed a large storage reservoir. In 1907, negotiations were begun for a sale of the company's property to the City without result, however. In 1910, the electors of the City voted a bond issue of $8,000,000 for a municipal water plant, but the

issuing and sale of the bonds were stopped by injunction at the suit of the trustee of the mortgage, and the cross-bill of the Water Company, from which injunction the City appealed to the United States Circuit Court of Appeals. The appeal was decided in favor of the company in May, 1911. The claim of the trustee is that the City is bound, under its contract of 1890, to buy the plant at the appraised valuation, $14,400,000, and the claim of the Water Company is that, as the City did not buy at the appraised valuation it is bound under the contract to extend the company's franchise for an additional twenty years.

DETROIT, MACKINAC & MARQUETTE RAILROAD LAND GRANT

Land grant 7 per cent. income bonds to the amount of $4,560,000 were created and issued by the Detroit, Mackinac & Marquette Railroad Co., which about 1881 built a line from St. Ignace, Mich., to Marquette, Mich. The company received from the State of Michigan a land grant of some 1,307,129 acres in the upper peninsula, situated in the counties of Chippewa, Mackinac, Marquette and Schoolcraft. These lands, under certain conditions, were pledged as security for the land grant bonds. The Detroit, Mackinac & Marquette Railroad was sold at foreclosure October 20, 1886, and was acquired and reorganized by the syndicate which constructed the Duluth, South Shore & Atlantic Railway. It now forms part of that system. Under the reorganization the holders of the land grant bonds retained their lien upon the lands.

Default having been made in the principal of the bonds at maturity, October 1, 1911, a committee—Chairman, Francis L. Hine, New York, depositary, Brooklyn Trust Co.—requested deposits of the bonds under an agreement to exchange same at par for stock of a new company which is to take over the lands on which the bonds were secured.

Land grant income bonds, registered, due October, 1911, April and Oct..... $1,294,000

Under the instrument securing the bonds only 25 per cent. of the proceeds of lands sold were applicable to the payment of interest, the balance being applied to the expenses of the trust and redemption of bonds. Under this provision and the provision for locating land, with bonds, $2,846,000 of the bonds have been retired by purchase, and $420,000 retired in payment for lands, leaving the above amount outstanding.

Interest payments upon the bonds have been as follows: in 1892, 2 per cent.; in 1893, 2 per cent.; in 1894, 2 per cent.; in 1895, 2 per cent.; in 1896, 2 per cent.; in 1897, 2 per cent.; in 1898, 2 per cent.; in 1899, 2 per cent.; in 1900, 2 per cent.; in 1901, 2 per cent. The payments were semi-annual of 1 per cent. each in April and October at the Central Trust Co., New York. The October, 1902, payment was increased to 1½ per cent. In 1903, the payments were 3½ per cent. each, in April and October, or 7 per cent. for the year. In 1904 and 1905, 7 per cent. was also paid. In April, 1906, paid 3½ per cent., but the October, 1906, rate was 1 per cent. No interest payments were made in 1907. In April, 1908, 1 per cent. was paid, and in October, 1909, 1 per cent. but no further payments were made.

In August, 1902, a sale was made of 1,000,000 acres for $1,250,000, payable in four instalments, the first payment having been made in June, 1902. During 1903 and 1904, the Trustees purchased and retired over $1,100,000 bonds with the proceeds of the above and other sales. The unsold lands, January 1, 1912, were 167,674 acres.

DISTILLERS SECURITIES CORPORATION

A corporation formed under the laws of New Jersey, September 18, 1902. The company was organized to acquire the stocks and property of the Distilling Co. of America and to readjust and simplify the capital of that company. See full statement of the Distilling Co. of America and its constituent concerns in the MANUAL for 1902.

The Distillers Securities Corporation acquired 94 per cent. of the preferred stock and 97 per cent. of the common stock of the Distilling Co. of America. The companies controlled by the Distilling Co. of America are engaged in the manufacture, distribution and sale of spirits, alcohol, Kentucky or Bourbon whiskey, rye whiskey, and their compounding and blending. The spirits and alcohol business is conducted by the American Spirits Manufacturing Co. and the Standard Distilling & Distributing Co. The Bourbon whiskey business is conducted by the Kentucky Distilleries & Warehouse Co., and the rye whiskey business by the Hannis Distilling Co. In October, 1906, a new subsidiary company was organized under the title of United States Industrial Alcohol Co. to manufacture denaturized alcohol in the interest of this company. The Distillers Securities Corporation controls the organization in question and guarantees the dividends of 7 per cent. per annum on its $6,000,000 of preferred stock, which has no voting power.

DOMINION STEEL CORPORATION, LIMITED

A corporation formed under the laws of Nova Scotia, in 1910, to consolidate the interests of the Dominion Coal Co., Limited, and the Dominion Iron & Steel Co., Limited, by an exchange of their common stocks for those of the new company and later by a similar exchange of their preferred stocks for the new preferred. The plan to this effect was submitted in a circular to the stockholders issued in April, 1910, on behalf of the directors of the two constituent companies. It proposed that the common stocks of the Dominion Coal Co., Limited, and the Dominion Iron & Steel Co. should be deposited and exchanged share for share for common stock of the new company, plus a cash bonus of $4 per share to be paid in four quarterly instalments of $1 each, the first of which was made July 1, 1910. At the close of 1911, the company had acquired $14,689,500 of the $15,000,000 common stock of the Dominion Coal Co., Limited, and $19,909,100 of the $20,000,000 common stock of the Dominion Iron & Steel Co., Limited. No proposition for an exchange of the preferred stock has been made to January, 1912. See separate statements of the Dominion Coal and Dominion Iron & Steel Companies.

In November, 1910, this company acquired the Cumberland Railway & Coal Co. with 32 miles of railroad and coal properties in Cumberland County, N. S., which property has been leased to the Dominion Coal Co., Ltd.

The common stock outstanding was reduced from $2,281,400 to the present amount in November, 1907, stockholders surrendering 45 per cent. of their holdings.

The first dividend of 3 per cent., semi-annual, on the preferred stock was paid July 1, 1899, and similar dividends were paid regularly, January and July, until January 2, 1901, when 1½ per cent. was paid, the reduction being due to expenditure for additions and improvements, and the semi-annual dividends on the preferred continued at the same rate. In 1903, 2 per cent. was paid July 1, but 1 per cent. was the rate January 1, 1904, making 3 per cent. for the year. In July, 1904, 1½ per cent. was paid, which continued to be the semi-annual rate during 1905 and 1906, but the January, 1907, rate was increased to 3 per cent., placing the stock on a 6 per cent. annual basis, and such dividends were paid July, 1907, and January and July, 1908. The January, 1909, dividend was 1½ per cent., but 3 per cent. was paid in July, 1909, and January and July, 1910. The January, 1911, dividend was 2 per cent., and 1 per cent. was paid July 1, 1911. The January, 1912, dividend was omitted. There were then 23½ per cent. accumulated dividends on the preferred.

THE GAS & ELECTRIC CO. OF BERGEN COUNTY

(Controlled by Public Service Corporation of New Jersey)

A corporation formed under the laws of New Jersey, May 31, 1899. The company is a consolidation of the Hackensack Gas & Electric Co., the Englewood Gas & Electric Co., the Ridgewood Electric Light & Power Co., the New York, Rutherford & Suburban Gas Co., and the Rutherford, Boiling Springs & Carlstadt Electric Co. All the property of the constituent companies was acquired. The company owns plants at Hackensack, N. J., Rutherford, N. J., and Englewood, N. J., and an electric plant at Hackensack, which supplies the whole district with electricity. Its gas franchises are perpetual, as are 90 per cent. of the electric franchises. The company's service extends into more than sixty municipalities of Bergen County, N. J.

The company's property was leased to the Public Service Corporation for 999 years from January 1, 1905. Under the lease dividends were to be at the rate of 2 per cent. per annum for the first two years, 2½ per cent. for the next year, 3 per cent. for the next two years, 4 per cent. for the next four years, and thereafter 5 per cent.

In 1909, the gas business under the lease was transferred to the Public Service Gas Co., an auxiliary company of the Public Service Corporation and in 1910 the lease as far as it related to electric business was taken over by the Public Service Electric Co.

GENERAL CHEMICAL CO.

A corporation formed under the laws of New York, February 15, 1899, to carry on the business of the manufacture of heavy chemicals. It operates twenty-five plants situated in the East and West. The company began business March 1, 1899.

Stock....Par $100.....Authorized { com., $12,500,000 / pref., 15,000,000 } Issued { com., $8,558,900 / pref., 12,500,000 } $21,058,900

The preferred stock is 6 per cent., cumulative. In August, 1910, the authorised preferred stock was increased from $12,500,000 to $15,000,000.

Stockholders, both common and preferred, in September, 1910, subscribed at par for $1,250,000 7 per cent. cumulative preferred stock of the General Chemical Co. of California, convertible until October 1, 1920, into General Chemical preferred at par.

Stock is transferred at the office of the company, New York. Registrar, Title Guarantee & Trust Co., New York.

The company began the payment of dividends on its preferred stock July 1, 1899, and has since regularly paid 1¾ per cent. quarterly, in January (1), April, July and October.

In February, 1900, the company began the payment of dividends at the rate of 4 per cent. on the common stock, payable 1 per cent., quarterly, March (1), June, September and December, the dividends for 1901 and 1902 being on that basis. On February 18, 1903, a dividend of 5 per cent. on the common stock out of the earnings of 1902 was declared, payable quarterly during 1903. It was, however, decided to pay no dividends on the common stock in 1904 and 1905, the intention being to devote surplus earnings to the extension of the company's business. In 1906, 1907 and 1908, paid 4 per cent., the payments being semi-annual in 1906, and quarterly in 1907 and 1908. The March, 1909, dividend was 1 per cent. which was the quarterly rate during 1909. In 1910, paid 5 per cent., and on March 15, 1910, the common received a 10 per cent. stock dividend in common stock to represent the dividends omitted in 1904 and 1905. In 1911, quarterly dividends of 1¾ per cent. each were paid, and on February 1, 1912, a stock dividend of 5 per cent. in common stock was paid.

GENERAL ELECTRIC CO.

A corporation formed under the laws of New York, April 15, 1892, to merge the Edison General Electric and Thomson-Houston Electric Companies. It has works at Schenectady, N. Y.; Lynn, Mass.; Harrison, N. J.; Pittsfield, Mass. and other places, for manufacturing electric machinery and supplies. In 1901, the company bought a controlling interest in the British Thomson-Houston Co., Limited. In 1902, the Sprague Electric Co. was acquired. In 1903 it obtained control of the Stanley Electric Manufacturing Co. Owns the United States rights under the Curtis steam turbine patents. This company owns the entire stock of the Electrical Securities Corporation, organized in 1904 as a financing corporation. See statement of the latter company. The Electric Bond & Share Co. is also controlled.

In 1911, the Sprague Electric Co. and the Ft. Wayne Electric Works, which had been controlled, were taken over by this company. In October, 1911, by agreement with the law department of the United States Government, a decree was entered in the United States Circuit Court for the Northern District of Ohio in a suit by the United States against the National Lamp Co. and thirty other defendants comprising companies manufacturing electric lamps affiliated with this company whereby this company was to take over the business of the companies in question.

GEORGIA RAILWAY & ELECTRIC CO.

A corporation formed under the laws of Georgia, January 28, 1902. It is a consolidation of the Atlanta Railway & Power Co., Atlanta Rapid Transit Co., Georgia Electric Light Co. and Atlanta Steam Co.

The company controls the street railway, electric light, power and steam-heating facilities of the City of Atlanta and Fulton County, Ga., and has a contract with the City for street lighting for five years, beginning in April, 1908. Its railway system comprises 195.18 miles of track. By the terms of the ordinance granted by the City of Atlanta the company paid $50,000 in cash to the municipality, and agreed to pay a tax of 1 per cent. on its gross receipts for the first three years, 2 per cent. for the next twenty years and 3 per cent. thereafter. The company obtains

some electric power from the plant of the Atlanta Water & Electric Power Co., which was completed in 1904.

In July, 1903, this company acquired all the stock of the Atlanta Gas Light Co. It also owns the stock of the Atlanta Northern Railway Co., an electric line from Atlanta to Marietta, Ga., of which fifteen miles is owned and three miles is trackage on the city track of the parent company.

In 1911, plans were formulated to lease this company's property for 999 years to the Georgia Railway & Power Co., a new corporation, the terms including a guaranty of 5 per cent. dividends on this company's preferred and 8 per cent. on its common stock. It also included a reduction of the outstanding common stock of this company to $8,000,000 and giving the holders of the latter a bonus of 125 per cent., amounting to $10,000,000 in 4 per cent. non-cumulative 2d preferred stock of the Georgia Railway & Power Co. Objection was made to the arrangement by the Georgia Railroad Commission, but its approval being secured, the lease was ratified by the stockholders on January 30, 1912.

Stock...Par $100...Authorized { com., $8,514,600 / pref., 2,400,000 } Issued { com., $8,514,600 / pref., 2,400,000 } $10,914,600

The preferred stock is 5 per cent., non-cumulative. Dividends are paid quarterly on the preferred at the rate of 1¼ per cent. in January (1), April, July and October. The 1st dividend on the common stock was 2 per cent. paid August, 1905. In February, 1906, also paid 2 per cent. In May, 1906, the quarterly rate was made 1½ per cent., which was the rate paid subsequently until November, 1910, when the quarterly payments were increased to 2 per cent.

GREAT NORTHERN IRON ORE PROPERTIES.

A trust created under an agreement dated December 7, 1906, between the Lake Superior Co., Limited (a subsidiary and controlled organization of the Great Northern Railway Co.), and the Trustees of the Great Northern Iron Ore Properties, whereby control of certain iron ore lands and other properties, title to which had been vested in the Lake Superior Co., Limited, was transferred to said trustees under the terms and for the purposes stated below. The subsidiary companies, whose stocks are held in the trust, control by ownership or lease iron ore lands in Minnesota aggregating 60,091 acres.

The lands and leases were, by the agreement of December 7, 1906, transferred to the trustees to be held for the benefit of the stockholders of the Great Northern Railway Co., of record December 6, 1906, or their assigns. In October, 1906, it was announced that the owners of the $150,000,000 share capital of the Great Northern Railway Co., of record December 6, 1906, would receive certificates of a beneficial interest in the ore properties at the rate of one share of said certificates (the same having no par value), for each $100 share of Great Northern Railway stock they held. See separate statement of the Great Northern Railway Co., in the Railroad Section of the MANUAL.

In January, 1907, a lease was made of a portion of the lands, comprising 39,295 acres, of which 19,933 acres were owned in fee, 15,972 acres owned jointly and 3,389 acres leased, to the Great Western Mining Co., a subsidiary company of the United States Steel Corporation. See below for the terms of lease and the decision of the United States Steel Corporation to terminate the same January 1, 1915.

Certificates of ben. interest...Par (none)...Authorized, 1,500,000 shares..Issued, 1,500,000 shares.

Certificates are transferred at the office of the Trustees, New York.

The first distribution was $1 per share paid September 16, 1907. Further distributions of $1 per share each were paid March 16, 1908 and September 15, 1909. On March 15, 1910; September 15, 1910; December 1, 1910, and March 15, 1911, distributions of 50 cents per share each were paid.

The lease of ore lands to the Great Western Mining Co. was guaranteed by the United States Steel Corporation. It provided that the lessee should mine and ship from the properties a minimum of 750,000 tons of ore in the year 1907, and that the amount shall increase by 750,000 tons each year until it reached 8,250,000 tons, the annual minimum to be thereafter that amount until the ore is exhausted, unless the lease is terminated on January 1, 1915, under an option reserved to the lessee. In October, 1911, it was announced that the United States Steel Corporation had decided to exercise this option, and the Great Western Mining Co. accordingly gave notice that it would terminate the lease on January 1, 1915. Under the lease, the royalty to be paid for the ore is $1.65 per gross ton for ore containing 59 per cent. of metallic iron, the royalty to be increased or decreased on a fixed scale, as the ore may be higher or lower in grade than the above percentage of iron. The royalty of $1.65 per ton applies to ore mined and shipped in 1907, and the base price increases at the rate of 3 4-10 cents per ton each succeeding year. The royalties paid under the lease to 1911, inclusive, were $14,820,398, which, however, includes freight to Lake Superior paid by the lessor to the Great Northern Railway Co.

GREAT WESTERN POWER CO. OF CALIFORNIA

(Controlled by Western Power Co.)

A corporation formed under the laws of California, in September, 1906. The company owns lands and water rights at various points on the north fork of Feather River in Butte and Plumas Counties, Northern California. From these properties it is estimated that a salable output of over 400,000 horse-power can be produced. The company has constructed a hydro-electric plant at Big Bend, Plumas County, Cal., about 160 miles northeast of San Francisco. The first completed unit has a capacity of 55,000 electric horse-power, which is to be increased by the installation of three additional units of equal capacity each. A double circuit transmission line of 165 miles carries the power at a potential of 100,000 volts to Sacramento, Oakland and intermediate points. The company has three transforming stations at Brighton, Sacramento, Cowell, Antioch and Oakland.

The entire common stock of the California Electric Generating Co. is owned by the Great Western Power Co. The former has built an emergency steam plant at Oakland, with a capacity of 15,000 horse-power. The plant of the California Electric Generating Co., is leased to the Great Western Power Co. In 1911, control of the City Electric Co., San Francisco, was acquired with a city distribution system and steam electric plant.

The company has contracts with various large users of electric power, including the Pacific Gas & Electric Co., the Southern Pacific Railroad Co., the Cowell Portland Cement Co., and the Natomas Consolidated Co., a large gold dredging concern.

HOCKING VALLEY PRODUCTS CO.

A corporation formed under the laws of West Virginia, in February, 1911, to take over the properties of the Columbus & Hocking Coal & Iron Co. and its subsidiary, the Columbus & Hocking Clay & Brick Mannfacturing Co., both of which were sold under foreclosure and purchased by a reorganization committee. The Columbus & Hocking Coal & Iron Co. was incorporated in Ohio in 1883 and was reorganized without foreclosure in 1898. It was placed in the hands of receivers in January, 1910. See below in regard to the plan of reorganization under which the present company was formed. The property of the company consists of coal, iron ore, clay and furnace properties in Hocking, Perry, Athens and Vinton Counties, O. It leases about 10,000 acres of oil land to the Chartiers Oil Co.

Stock.....Par $100.....Authorized, $4,600,000..... Issued, $4,596,350

All the stock of this company is held in a voting trust for five years.

FUNDED DEBT

1st mort., 5 per cent., due January, 1961, Jan. and July..... $1,836,300

The 1st mortgage is for $2,000,000, authorized. There is a sinking fund provided of 5 cents per ton on coal produced; 15 cents per barrel on oil and 25 cents per 1,000 of bricks, plus a sum equal to the excess of dividends over 6 per cent. per annum. Trustee and agent for the payment of interest, Bankers Trust Co., New York.

The Columbus & Hocking Coal & Iron Co. had outstanding $7,000,000 common stock and $206,000 of 6 per cent. non-cumulative preferred, together with $691,000 1st mortgage 6-5 per cent. bonds and $800,000 collateral trust 6 per cent. bonds. In May, 1910, a Reorganization Committee composed of Frank B. Keech, New York, Alexander Gilbert, New York and F. N. B. Close, New York; Bankers Trust Co., New York, depositary, called for deposits of the company's securities. The committee in October, 1910, declared operative a plan of reorganization which provided for the formation of a new company to take over the property at foreclosure and to be capitalized as above stated. Under the plan, both the old preferred and the old common stockholders were to pay an assessment of 10 per cent., for which new bonds would be given, the preferred to receive new stock of the same par value, the old common to receive 50 per cent. in the new company's stock. The old 1st mortgage bonds and the collateral trust bonds were offered 75 per cent. in new bonds and 50 per cent. in new stock.

The company's statement of February 29, 1912, showed a surplus of $143,338; current assets, $542,355; total assets, $6,655,804. For earnings of the old company, dividends on its stocks and other details see MANUAL for 1911.

HOUSTON OIL CO. OF TEXAS

A corporation formed under the laws of Texas in July, 1901. The purposes of the company are to acquire, deal in and develop oil and lumber lands in Texas. The company acquired about 1,000,000 acres of oil and timber lands in the Beaumont region of Eastern Texas. It also acquired oil wells in the Corsicana, Tex., field and an interest in the Higgins Oil & Fuel Co. It contracted to sell to the Kirby Lumber Company about 8,000,000,000 feet of standing yellow pine timber of 12 inches and upwards, to be paid for semi-annually. This contract was assigned to the Maryland Trust Company, Baltimore, which as trustee, issued $7,025,000 of 6 per cent. certificates of beneficial interest in said contract, redeemable in February and August instalments of each year. These certificates were guaranteed by this company and secured by a mortgage on its property. The February, 1904, instalment of the timber certificates and interest were defaulted, and in the same month both this company and the Kirby Lumber Company were placed in the hands of Receivers. Protracted litigation ensued.

In July, 1908, a compromise was effected and a decree entered with the assent of all parties. Under the settlement the amount of timber to be cut by the Kirby Lumber Co. was reduced from 8,000,000,000 feet to 6,400,000,000 feet; the minimum semi-annual payments to be ⅝ of the amount required by the original contract. The Houston Oil Co. was authorized to create a second series of 6 per cent. timber certificates for $3,500,000, in order to discharge its floating debt.

On April 16, 1909, the Receiver was discharged and the company returned to its own management.

In July, 1911, a readjustment plan was formulated which provided for the funding of the unpaid accumulated dividends on the preferred stock and for the retirement of the 1st and 2d timber certificates, as well as of $1,047,000 interest and expense certificates through the creation of new first lien 6 per cent. timber certificates for $6,250,000. The plan was declared effective in December, 1911. The plan provided for $500,000 additional working capital.

Stock..Par $100 ..Authorized { com., $20,000,000 / pref., 10,000,000 } Issued { com., $20,000,000 / pref., 8,824,200 } $28,824,200

The preferred stock is 6 per cent. cumulative. No dividends have been paid since 1903, and at the end of 1910 the accumulated dividends on the preferred amounted to 48 per cent. Under the readjustment plan of 1911, preferred stockholders received 6 per cent. accrued dividend certificates, due 1923–1925, for the back dividends, semi-annual cumulative dividends on the preferred stock to commence to accrue from February 1, 1912. Holders of the common stock were asked to deposit it and to either surrender 5 per cent. of same or to pay 50 cents cash per share, the assenting stockholders to receive 25 per cent. of the company's profits from oil operations. Stock is transferred at the office of the company, New York.

The new first lien 6 per cent. timber certificates are $6,250,000 authorized, dated August 1, 1911, interest February and August, due August, 1923, but commencing August 1, 1913, to be retired by lot at par and interest each six months in minimum amounts of $120,000 from August 1, 1913, to August 1, 1915, increasing to $490,000 August 1, 1923. They are subject to call at 102½ and interest. Trustee, Maryland Trust Co., Baltimore.

Of the new certificates $5,752,400 were reserved to acquire or retire the outstanding $3,500,000 of old 2d certificates, $1,047,000 of interest and expense certificates and $1,205,400 of old 1st certificates.

The accrued dividend 6 per cent. certificates provided for under the plan are $1,764,840, interest semi-annually, February and August. First coupon payable August 1, 1912; $155,000, August, 1923; $650,000, February, 1924; $600,000, August, 1924 and $389,840, February, 1925, unless previously called at par and interest.

HUDSON & MANHATTAN RAILROAD CO.

HUDSON RIVER TUNNEL SYSTEM.

A corporation formed under the laws of New York and New Jersey, December 5, 1906, as a consolidation of the Hoboken and Manhattan Railroad Co., of New Jersey, New York and Jersey Railroad Co., of New York, and Hudson & Manhattan Railroad Co., of New York. By virtue of such consolidation the company owns and operates a double-tube tunnel system extending from the Hudson Terminal at Cortlandt and Church streets, New York, under the Hudson River to the Pennsylvania Terminal, Jersey City, from thence making connections with the Erie station, at Pavonia avenue, and continuing to the Hoboken Terminal, adjoining the Delaware, Lackawanna & Western Railroad station. About midway between the Erie and Lackawanna Terminals, connection is made with a second double-tube tunnel under the Hudson River to Christopher street, from whence the line proceeds via Sixth avenue to Thirty-third street, New York. Operation was begun from Nineteenth street and Sixth avenue, New York, to the Delaware, Lackawanna & Western Railroad Terminal, Hoboken, on February 26, 1908. On July 19, 1909, train service was commenced between the Hudson Terminal and the Pennsylvania station at Jersey City, and on August 2, 1909, the service was extended to the Erie Terminal at Pavonia avenue and to the Delaware, Lackawanna & Western station at Hoboken. In November, 1910, the line on Sixth avenue was opened to Thirty-third street. The total line in operation, as of January, 1911, is 7¼ miles.

A branch will also be constructed from Sixth avenue under Ninth street to a connection with the subway at Fourth avenue.

An extension has been constructed from the Pennsylvania Railroad station, Jersey City, westwardly to a connection at Summit avenue with the present main line of that system (of which ½ mile to Henderson street was opened in September, 1910), and upon its completion, in December, 1911, through train service was established between the Hudson Terminal Buildings, New York, and Newark, N. J., trains running through the tunnels and over the Pennsylvania's present main line into Newark, under a traffic agreement with the two companies. The Pennsylvania, Lehigh Valley, Erie and New York, Susquehanna & Western Railroads have ticket offices in the Hudson Terminal Buildings.

The company's lines are operated with electric power, and its equipment is composed entirely of steel cars. Passenger cars, 190; service cars, 3.

The Hudson Terminal Buildings, the largest office buildings in the world, were opened May 1, 1908. The tunnel trains land passengers at the station in the basement of these buildings.

Stock.....Par $100.....Authorized, $5,000,000.....Issued $4,400,000

Stock is transferred at the office of the company, Chicago. Registrar, Continental & Commercial Trust & Savings Bank, Chicago.

The company's authorized stock formerly consisted of $5,000,000 common, and $4,000,000 6 per cent. cumulative preferred, of which $4,350,500 common and $3,550,500 preferred were issued.

In 1905, it was proposed to reduce the company's stock to $4,000,000, all of one class. The plan included the cancellation of the treasury stock, the purchase at $60 per share of $125,300 preferred stock and its cancellation, and an exchange of the old stocks remaining for the new, the preferred dollar for dollar and the common on the basis of six shares of old for one of the new stock. This plan was ratified in May, 1905, and carried out. In February, 1910, the authorized stock was increased to $5,000,000, and in March, 1910, $600,000 new stock was offered to the stockholders at par.

For the nine months of 1900, after the formation of the company, a dividend of 4½ per cent. was paid on the old preferred stock in April, 1901. In November and December, 1901, paid 3 per cent. each, or 6 per cent. for that year. In November and December, 1902, paid 3 per cent. each, or 6 per cent. for that year. No dividends were paid in 1903. In July, 1904, October, 1904, and December, 1904, dividends of 2 per cent. were paid, making 6 per cent. for the year. In April, 1905, 2 per cent. was again paid on the old preferred stock.

The first dividend on the $4,000,000 of new stock was 1½ per cent., paid July 15, 1905, and similar dividends were paid October 15, 1905, January 15, 1906, and April 19, 1906. The July, 1906, dividend was, however, not paid. In October, 1906, 1 per cent. was paid, which was also the rate of subsequent quarterly dividends to January 15, 1908, inclusive. In October, 1908, 1 per cent. was also paid. In January, 1910, the quarterly payment was increased to 1½ per cent. and in April, 1910, to 2 per cent., which was the regular rate to April, 1911, inclusive. The July, 1911, dividend was passed.

The company's net earnings in 1907 were $105,394. In 1908, net, $34,551; in 1909, $114,116; in 1910, $574,794; in 1911, $460,735.

INTERBOROUGH-METROPOLITAN CO.

A corporation formed under the laws of New York, January 24, 1906. The company was formed in pursuance of the plan for a combination of the subway, elevated and surface traction interests in New York City represented by the Interborough Rapid Transit Co., including its leased property, the Manhattan Railway Co. and the Metropolitan Securities Co., the Metropolitan Street Railway Co. and the New York City Railway Co. See separate statements of those companies. For terms of merger and the exchange of the above companies' stocks for the securities of this company, see below. The plan became effective in March, 1906. The full details of the plan are given in the MANUAL for 1908.

At the end of 1909, this company had acquired the following amounts of the constituent companies' stocks:

	Total Amount	Amount Acquired
Interborough Rapid Transit Co.	$35,000,000	$33,912,800
Metropolitan Street Railway Co.	52,000,000	42,740,000
Metropolitan Securities Co.	30,000,000	29,373,100

Under the reorganization plan for the Metropolitan Street Railway Co., which became effective December 31, 1911, when the Railway Company's property was taken over by the New York Railways Co., this company will receive approximately $15,400,000 out of the $17,500,000 stock of the new company against its holdings of Metropolitan Street Railway stock and a $4,000,000 improvement note of that company, together with Central Crosstown Railway stock owned by this company. See below regarding the assessment on the Metropolitan Street Railway stock and the loan effected to meet same secured by this company's holdings of stock of the New York Railways.

Stock..Par $100.....Authorized { com., $100,000,000 / pref., 55,000,000 } Issued { $93,262,192 / 45,740,000 } $139,002,192

The preferred stock is 5 per cent. cumulative, and has a preference as to assets. Dividends are payable quarterly on January (1), April, July and October. The preferred cannot be increased

without the consent of two thirds in amount of its holders, and no stock having prior rights can be created. The preferred has no voting power except in the event of a default in the payment of dividends and as long as such default shall continue.

All the common stock was deposited in a voting trust which terminated March 6, 1911. A new voting trust for both the common and preferred stock for five years from March 6, 1911, was created and about 90 per cent. of the common and 75 per cent. of the preferred stock were deposited under the same. The voting trustees are: August Belmont, Edward J. Berwind, Andrew Freedman, Theodore P. Shonts and Cornelius Vanderbilt. Secretary, H. M. Fisher, 165 Broadway, New York.

On July 2, 1906, the first quarterly dividend of 1¼ per cent. was made on the preferred stock, and like payments were made in October, 1906, and in January, April and July, 1907, since which last mentioned date dividends have been suspended.

FUNDED DEBT

Collateral trust 50 year gold bonds, 4½ per cent., due April, 1956, Apr. and Oct...	$67,825,600
6 per cent. extended collateral notes, due July 1, 1912.....	2,549,400
Total.....	$70,375,000

The 4½ per cent. collateral trust bonds are to be secured by the deposit with the Windsor Trust Co., New York, trustee, of all the stock of the Interborough Rapid Transit Co. acquired by this company under the plan given below, there being $100 par value of stock against each $200 par value of the bonds. Coupon and registered bonds are interchangeable. Interest is paid at the Windsor Trust Co., New York. In 1911, the company inaugurated a sinking fund of $300,000 per annum to retire the 4½ per cent. bonds.

In order to meet assessments payable on the company's holdings of Metropolitan Street Railway securities, under the plan for its reorganization as the New York Railways Co., the payments due thereon being approximately $1,803,000, this company, in December, 1911, effected an arrangement to borrow not exceeding $2,000,000, to run for two years at 6 per cent., its holdings of stock of the New York Railways to be pledged as collateral for the loan. The loan will mature December 2, 1913.

INTERBOROUGH RAPID TRANSIT CO.

(Controlled by Interborough-Metropolitan Co.)

A corporation formed under the laws of New York, May 6, 1902. The company was organized to operate the Rapid Transit Subway in New York City. It acquired all the stock of the Rapid Transit Subway Construction Co. The latter company was a New York corporation, formed in February, 1900, an account of which was given in the MANUAL for 1900. The Rapid Transit

Subway Construction Co. took an assignment of the contract awarded by the Rapid Transit Commission and the Municipality of New York in 1900 to John B. McDonald for the construction and operation of a subway in that city.

The subway is a four-track line of road, operated by electricity, extending from the City Hall via Park avenue and 42d street and Broadway to 103d street, with two-track extensions, partly viaduct, to Van Courtlandt Park and to Bronx Park. It also has a two-track extension from the City Hall, New York, southward to the Battery and thence by tunnel under the East River to a connection with the Long Island Railroad at Atlantic avenue, 2½ miles. The section of the road from City Hall, to as far as 145th street on the west side, was opened October 27, 1904, the line to Kingsbridge being completed in February, 1906, and the east side extension, as far as 145th street, in November, 1904, and in July, 1905, to West Farms. The tunnel to Brooklyn was completed and opened for traffic in January, 1908. Total of the subway lines operated, 85 miles. In January, 1911, the company made a proposition to the City authorities, wherein it offered to build additional subway lines supplementing its present lines. The negotiations to that end were broken off, but were renewed, an agreement subject to further ratification being reached in March, 1912.

The company, in 1904, acquired control of the New York & Queens County Railway Co., owning all its capital stock, this system including 74½ miles of electric surface lines in Long Island City. It is also joint owner with the Long Island Railroad Co. of the New York & Long Island Traction Co., 30 miles, and the Long Island Electric Co. See separate statement of the New York & Queens County Railway Co. The surface lines controlled aggregate 154.03 miles of track. The New York & Long Island Railroad Co., which has completed a tunnel from 42d street and 4th avenue, Manhattan, to Long Island City, is controlled. Operation of this tunnel has been delayed on account of a controversy with the City regarding the franchise and up to February, 1911, the same was still unused.

The arrangement with the City, under the contract entered into in January, 1900, which contract was assigned to the Rapid Transit Subway Construction Co., included provisions that the City should issue bonds to the amount of $35,000,000 to pay for the construction of the tunnel, and that the contractor should give a bond of $5,000,000 for the construction and equipment of the road and a continuing bond of $1,000,000, four and a half years being allowed for the completion of the work. Under the terms of the agreement the contractor acquired a lease of the road for fifty years, with the right to renew the same for twenty-five years additional. The rental provided for is the amount of interest paid by the City on its bonds, issued for the purpose, including interest during construction, and in addition 1 per cent. per annum on such cost of construction, there being provisions in regard to an increase of the rental when the gross earnings of the property exceed $5,000,000 per annum. In case of a renewal for twenty-five years, the rental shall be not less than the average amount paid by the company for the last ten years of the original lease. The company agreed to provide and pay for the electrical equipment, rolling stock and other accessories of the road, the estimated cost of which was about $20,000,000.

The arrangement in connection with the construction of the line between the City Hall, Manhattan, and Atlantic avenue, Brooklyn, was that the company should build the same for $3,000,000, supplied by the City, but this part of the work cost considerably more than that sum.

The bonds created by the City in connection with the construction of the subway are both 3 per cent. and 3½ per cent., and were issued as the work progressed, payments by the City to the contractor being made by instalments as the work progressed.

In December, 1902, the company made a lease of the property of the Manhattan Railway Co. for 999 years, from April 1, 1903. The rental under the lease was 6 per cent. per annum on the stock of the Manhattan Railway Co. from the date of the lease to January 1, 1906, and 1 per cent. additional if earned. After January 1, 1906, the rental became 7 per cent. per annum on the stock of the leased company and is now paid at that rate. See the separate statement of the Manhattan Railway Co. in this edition of the MANUAL.

Stock.....Par $100.....Authorized, $35,000,000.....Issued, $35,000,000

The authorized stock was increased from $25,000,000 to $35,000,000 in August, 1902, the additional $10,000,000 being subscribed for by stockholders. At the end of 1910, the Interborough-Metropolitan Co. held $33,912,500 of this company's stock. See statement of the company in question.

Transfer Agents, August Belmont & Co., New York. Registrar, Guaranty Trust Co., New York.

The 1st dividend paid on the stock was 2 per cent., July 1, 1904. On January 2, 1905, 3 per cent. was paid. These dividends, it was understood, represented surplus profits derived from the lease of the Manhattan Railway Co. In January, 1905, it was announced that dividends would henceforth be paid quarterly, and the dividend paid April 4, 1905, was 1¾ per cent. quarterly. The July, 1905, dividend was, however, 2 per cent., which was also the rate paid in October, 1905, and January and April, 1906. The July, 1906, and subsequent quarterly dividends were 2¼ per cent each, or at the rate of 9 per cent. per annum, until October, 1911, when 2½ per cent. regular and 1 per cent. extra was paid, the extra dividend being to make the total dividends for 1911, 10 per cent. On January 2, 1912, paid 2½ per cent. regular.

McCormick Harvesting Machine Co.
Plano Manufacturing Co.
Milwaukee Harvester Co.
Deering Harvester Co.
The Warder, Bushnell & Glessner Co.

The company also owns or controls timber land, coal, ore, blast furnaces and steel properties. In 1904, acquired D. M. Osborne & Co's. works, at Auburn, N. Y. In 1905, acquired Weber Wagon Co's. works, Chicago; Aultman & Miller Buckeye Works, Akron, O.; Keystone Works, Sterling, Ill.; and Minnie Harvester Works, St. Paul. In 1906, purchased the J. S. Kemp Manufacturing Co's. works, Newark Valley, N. Y. In January, 1910, the International Harvester Co. in Russia was incorporated under the laws of Maine, as a subsidiary company to do business in Russia.

In September, 1911, the United States Government agreed to allow the company to readjust its affairs to conform to the Sherman anti-trust law. Conferences between the company's representatives and the Attorney-General had not, up to March, 1912, resulted in a definite plan to that end.

Stock....Par $100... Authorized { com., $80,000,000 / pref., 60,000,000 } Issued { com., $80,000,000 / pref., 60,000,000 } $140,000,000

The stock was originally $120,000,000 all common. In January, 1907, the stockholders voted to divide the stock into $60,000,000 of common and $60,000,000 7 per cent. cumulative preferred stock, the latter to carry dividends from February 15, 1907. The arrangement in carrying this out was that for each two shares of the old stock, holders would receive one share of new preferred and one share of new common.

In January, 1910, the common stock was increased from $60,000,000 to $80,000,000, and the additional $20,000,000 stock distributed as a stock dividend of 33⅓ per cent. to the common stockholders, representing profits theretofore withheld from dividends on that class of stock.

The stock is held in a voting trust, until August 1, 1912, or prior thereto at the will of the trustees who are George W. Perkins, Charles Deering and Cyrus H. McCormick.

The first dividend on the old common stock of $120,000,000 was 3 per cent., paid November 10, 1903. A second dividend of 4 per cent. was paid November 10, 1904, and 4 per cent. was also paid November 10, 1905, and November 12, 1906.

The first dividend paid on the new preferred stock was 1¾ per cent. quarterly, June 1, 1907 and similar quarterly dividends have since been paid in March (1), June, September and December, being at the full rate of 7 per cent. per annum.

The dividend of 33⅓ per cent. in common stock was paid to common stockholders of record February 3, 1910. An initial cash dividend of 1 per cent. was paid on the common, April 15, 1910, and similar quarterly dividends were paid in July and October, 1910, and on January 15, 1911. In April, 1911, paid 1¾ per cent., and subsequent quarterly dividends have been at that rate to January 15, 1912, inclusive.

INTERNATIONAL MERCANTILE MARINE CO.

A corporation formed under the laws of New Jersey, June 6, 1893, under the title of the International Navigation Co., the name having been changed to the present style in 1902. The International Navigation Co. owned and operated the American and the Red Star lines of steamships. See statement of the company given in the MANUAL for 1902. This change of name, together with an accompanying increase in the capitalization of the company, was in pursuance of a plan to unite the ownership of a number of the principal companies carrying on a transatlantic steamship service. The plan was financed by a syndicate of American and British capitalists headed by J. P. Morgan & Co., New York.

The properties acquired included: 1. All the stock of the Oceanic Steam Navigation Co., Limited, and all rights in the White Star Line, name, etc.

2. All the shares of the Dominion Line (the British & North Atlantic Steam Navigation Co., Limited, and the Mississippi & Dominion Steamship Co., Limited).

3. The capital stock and assets of the International Navigation Co. (American and Red Star lines).

4. The capital stock and property of the Atlantic Transport Co., Limited, and Atlantic Transport Co. of West Va.

5. A majority of the preferred and common stocks of Frederick Leyland & Co., Limited.

The White Star Line and the Dominion Line were taken over as of January 1, 1901.

At the beginning of 1911 the company's fleet comprised 124 steamships in service, including 1 training ship and 5 tenders, with tugs, barges and other floating equipment, representing a gross tonnage of 1,078,370 tons. There were also 6 steamships building with 79,900 tons capacity.

Stock....Par $100..Authorized { com., $60,000,000 / pref., 60,000,000 } Issued { com., $49,931,735 / pref., 51,730,971 } $101,662,706

The preferred stock is 6 per cent., cumulative. It is provided that dividends upon the common stock of the company shall be limited to 10 per cent. per annum as long as any of the collateral trust debenture 4½ per cent. bonds described below remain outstanding.

Transfer Agents, Hudson Trust Co., Hoboken, N. J.; J. P. Morgan & Co., New York.

All but a small amount of the stocks are held in a voting trust, which was renewed in 1907, until October 1, 1912, unless it is terminated sooner by the trustees, the latter comprising J. Pierpont Morgan, Charles Steele, J. Bruce Ismay, Peter A. B. Widener and Lord Pirrie.

INTERNATIONAL PAPER CO.

A corporation formed under the laws of New York, January 31, 1898. It owns paper manufacturing plants in New York and the New England States, a detailed list of which is given in the MANUAL for 1903.

The company and its subsidiary companies hold fee simple title to about 1,000,000 acres of spruce woodlands in New York, New England, Michigan and Canada, and timber rights on over 3,000,000 acres in Canada. In 1901, the American Realty Co. was organized in the interest of this company to hold a portion of the company's woodlands in Maine. The plants have a developed water power of 170,000 horse-power, producing about 1,700 tons of news, wrapping and miscellaneous paper per day. The company controls the Continental Paper Bag Co. of Rumford Falls, Me.

Stock..Par $100..Authorized { com., $20,000,000 / pref., 25,000,000 } Issued { com., $17,442,800 / pref., 22,406,700 } $39,849,500

The preferred stock is 6 per cent., cumulative. The preferred may be increased to retire the company's bonds. Stock is transferred at the office of the company, New York. Registrar, Metropolitan Trust Co., New York.

The first regular quarterly dividend of 1½ per cent. on the preferred stock was paid July 11, 1898, and quarterly dividends of the same amount were paid regularly until April, 1908, when only 1 per cent. was paid, the July, 1908, dividend being also 1 per cent. In October, 1908, the rate on the preferred was further reduced to ½ per cent. quarterly which has since been the rate to January, 1912, inclusive. The first dividend of 1 per cent. on the common stock was paid December 31, 1898, and two other quarterly dividends of 1 per cent. each were paid on the common in March and July, 1899, respectively. The October, 1899, dividend on the common was, however, passed, the management stating that the increased business of the company necessitated a larger working capital, and since then no dividends have been paid on the common stock.

INTERNATIONAL TRACTION CO.

The International Traction Railways was incorporated in New York, in 1911, for the purpose of taking over the properties of this company and exchanging its securities for certain of this company's issues under the plan described below. Application was made to the New York Public Service Commission, 2d District, for authority to carry out the plan, but up to February, 1912, no decision had been rendered.

The International Traction Co. was formed under the laws of New Jersey in 1899. It owns the stock of the International Railway Co., a New York corporation formed in February, 1902, being a merger of the street railway lines of Buffalo, N. Y., and the lines extending to and in Niagara Falls, N. Y., Lockport, N. Y., and Tonawanda, N. Y., including the lines on the Canadian side of the Niagara River from Niagara Falls to Chippewa, and Queenston, Ont., and the two bridges connecting the trolley lines on both sides of the Niagara River. The properties acquired then or subsequently were as follows:

Buffalo Railway Co.
Crosstown Street Railway, Buffalo.
The Buffalo Traction Co.
Buffalo, Tonawanda & Niagara Falls Electric Railroad Co.
Niagara Falls & Suspension Bridge R'way Co.
The Niagara Falls Park & River Railway (Canada).
Niagara Falls Suspension Bridge Co.
Clifton Suspension Bridge Co.
Lewiston Connecting Bridge Co.
Queenston Heights Bridge Co.
Buffalo & Niagara Falls Electric Railway.
The Buffalo, Belleville & Lancaster Railway.
Buffalo & Lockport Railway.
Elmwood Avenue & Tonawanda Electric Ry.
Niagara Falls, Whirlpool & Northern Railway.
Lockport & Olcott Railway.

The International Traction collateral trust mortgage is $30,000,000 authorized, an amount of $11,685,000 being reserved to take up previous liens. Bonds can be called at 110 and interest on any interest date. Trustee of the mortgage, Guaranty Trust Co., New York. Interest is payable at office of J. P. Morgan Co., New York. See below regarding default in interest.

The company has $270,000 of 4½ per cent. and $150,000 of 6 per cent. car trust obligations outstanding.

In addition to the bonds outstanding and included in the above table, $518,000 1st mortgage 6 per cent. bonds of the Niagara Falls & Suspension Bridge Railway Co., $100,000 4 and 6 per cent. bonds of the Tonawanda Electric Railroad Co. and Tonawanda Street Railway Co. and $22,500 1st mortgage 5 per cent. bonds of the Niagara Falls, Whirlpool & Northern Railway, three of the constituent companies of the International Railway Co., are owned by the International Traction Co.

The July, 1910, and January, 1911, interest in the collateral trust bonds was defaulted, but these coupons were subsequently paid in July, 1911, and January, 1912, with 5 per cent. interest thereon. The regular July, 1911, and January, 1912, were paid through advances by the bankers for the reorganization committee. A committee was previously formed to represent the bondholders; Chairman, Robert L. Fryer, Buffalo. Secretary, A. H. Gillard, 23 Wall street, New York. Depositary, J. P. Morgan & Co., New York. The committee, under date of June 21, 1910, submitted a plan which proposed the formation of a new company to take over the property and issue a new mortgage bearing 5 per cent. interest to be exchanged for the old collateral trust bonds at 70 for the latter. This provision was subsequently changed by making the new bonds consist of Series I bearing 4 per cent., to be exchanged at par for the old bonds, and Series II, bearing 5 per cent., to be used for other purposes. The plan includes an authorized issue of $50,000,000 of the new bonds.

The International Railway Co. also owns $350,000 of the Crosstown Street Railway Co.'s 1st mortgage bonds, which are not included in the amount of that issue given in above table.

INTERSTATE RAILWAYS CO.

A corporation formed under the laws of New Jersey, December 3, 1902. The company's charter gives it power to deal in or operate railways, electric and other plants. It bought control of the United Power & Transportation Co., purchasing in December, 1902, all of the $3,593,750 stock of the latter company for $75 per share in its own collateral trust 4 per cent. bonds for each share of United Power & Transportation stock, the par of the latter being $25 per share. See statement of the United Power & Transportation Co.

Default on the company's bonds occurred in February, 1910. A reorganization was proposed but delay ensued, and it was finally arranged to lease the underlying companies in four groups known as the Wilkes-Barre, Reading, Wilmington and Trenton systems to corporations which would provide the capital for betterments and assume the fixed charges of the underlying companies, and pay rentals for same sufficient to provide for interest on the bonds of the United Power & Transportation Co. and of the Interstate Railways Co. and leave a surplus applicable to dividends on the latter's stock. To provide for unpaid coupons and other obligations, this company created $1,000,000 of 6 per cent. cumulative preferred stock and the Interstate Railway's bondholders were invited to exchange their coupons for 1910 and 1911 for the preferred stock at par, the preferred not so exchanged to be offered for subscription.

The local subsidiary companies formed to lease the underlying properties are The Wilkes-Barre Railway Co., Reading Transit Co., Trenton & Mercer County Traction Co., Southern Pennsylvania Traction Co. and the Wilmington & Philadelphia Traction Co., the two last named being under the same management.

The preferred stock is 6 per cent. cumulative, its par value being $10 per share and was authorized November 11, 1910. It has a preference as to assets, but no voting power, and must be retired before any dividends are paid on the common. The dividends are payable January 1 and July 1, the first dividend of 3 per cent. being paid July 1, 1911. In January, 1912, 3 per cent. was again paid.

Stock is transferred at the office of the company, Camden, N. J.

FUNDED DEBT

Collateral trust bonds, 3 to 4 per cent., due Feb., 1943, Feb. and Aug..... $10,776,600

The collateral trust bonds are secured by the deposit with the Real Estate Title Insurance & Trust Co., Philadelphia, trustee, of the stock of the United Power & Transportation Co. referred to above, which was purchased with the bonds. The bonds are subject to call at 105 and interest after February, 1913, on thirty days' notice. They bear interest at the rate of 3 per cent. per annum for the first year, from the date of issue, February 1, 1903, 3½ per cent. for the second year, and 4 per cent. for the third and subsequent years. Interest is payable at the office of the trustee.

The February, 1909, coupon was defaulted, but was paid in May, 1909. The August, 1909, coupon was also defaulted but was paid in November, 1909.

LACLEDE GASLIGHT CO.

A corporation formed by a special Act of the Legislature of Missouri, March 2, 1857. Its charter is perpetual, and confers upon the company the perpetual right to use the streets of St. Louis for its pipes and any appliance for conducting a substitute for gas. In 1889 the company secured control of all the other gas organizations in that city. Its plants have a capacity of about 20,000,000 feet per day, with about 863 miles of street mains, 239,827 consumers' meters and 19,000 lamp services and lamp posts. The company also sells electricity.

The North American Co. had an interest in this company, but in June, 1909, its holding of the stock was acquired by St. Louis capitalists.

Stock...Par $100....Authorized { com., $17,500,000 / pref., 2,500,000 } Issued { com., $10,700,000 / pref., 2,500,000 } $13,200,000

The preferred stock is 5 per cent., cumulative. The common stock was increased from $7,000,000 to $8,500,000 in 1900, and in 1904 a further increase of $9,000,000 was made in the authorized amount.

Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

In January, 1911, the company declared a dividend of 10 per cent. in common stock to holders of both the preferred and common of record March 27, 1911, including $1,000,000 of new common offered to stockholders of record March 2, 1911 for subscription at $110 per share. These transactions increased the common stock issued $10,700,000 in April, 1911.

On February 8, 1898, the company paid in full all accumulated back dividends on the preferred stock. The dividends on the preferred are paid semi-annually, 2½ per cent. each, in June (15) and December.

The initial dividend on the common stock was 1½ per cent., semi-annual, in February, 1898, and it continued such payments on the common at the rate of 3 per cent. per annum in 1898 and 1899. In March, 1900, the semi-annual rate was increased to 2 per cent., putting the common on a 4 per cent. basis. The semi-annual dividends on the common were in March (15) and December, but in 1904 the payments were made quarterly of 1 per cent. each, beginning June 1 of that year. The dividend paid March 15, 1905, was increased to 1¼ per cent. or 5 per cent. per annum, which was the regular rate until March, 1909, when it was increased to 1⅝ per cent., the rate being further increased in September, 1910, to 1¾ per cent. quarterly, or 7 per cent. per annum.

THE LAKE SUPERIOR CORPORATION

A corporation formed under the laws of New Jersey, May 19, 1904. The company succeeded the Consolidated Lake Superior Co., which was reorganized under the plan referred to below. It acquired, either directly or through a subsidiary Canadian organization, all the capital stock of various companies owning and operating manufactories and other enterprises in or about Sault Ste. Marie, Ontario, the different companies being as follows:

Algoma Central & Hudson Bay Railway Co.
Manitoulin & North Shore Railway Co.
Algoma Commercial Company, Limited.
Algoma Iron Works.
British-America Express Co.
Algoma Steel Company, Limited.
Lake Superior Power Co.
International Transit Co.
Trans. St. Mary's Traction Co.
Tagona Water & Light Co.
Sault Ste. Marie Pulp & Paper Co.
Michigan Lake Superior Power Co.
Lake Superior Iron & Steel Co.

The properties include a steel works and rail mill, blast furnaces, machine shops and foundries, wood-pulp mills, saw mills, car shops, electric light and power plants, iron and nickel ore mines and two water-power canals. In 1910, the company acquired an extensive coal property in West Virginia. The Algoma Central & Hudson Bay Railway Co. and the Manitoulin & North Shore Railway, which are controlled, comprise 305 miles of road of which 114 miles are completed, the balance being under construction. The company also has a number of ore and freight steamships.

This company owns the Lehigh Canal, the Lehigh & Susquehanna Railroad and branches, 163 miles, the Nesquehoning Valley Railroad, 17 miles, and the Delaware Division Canal, besides having an extensive anthracite coal property. It leases the Tresckow Railroad, 7 miles, and Wilkes-Barre & Scranton Railroad, 4 miles; in all, 11 miles leased. These railroads are leased to The Central Railroad Co. of New Jersey at a rental of one-third of gross earnings. In 1904, the company acquired an interest in the Lehigh & New England Railroad Co.

This is the oldest of all the anthracite companies, having been organized in 1822. The first shipments of anthracite coal were made from its property.

Stock.....Par $50.....Authorized, $26,557,950.....Issued, $26,146,950

In 1902 the company issued and sold $1,436,665 of new stock to provide for improvements, and in November, 1904, the stockholders subscribed at par for $1,577,200 new stock. In March, 1908, the stockholders had the right given them to subscribe at par for $1,734,500 new stock in the proportion of 10 per cent. of their holdings. Stockholders of record April 30, 1909, were offered the right to subscribe for 10 per cent. of their original holdings in new stock at par. On March 1, 1910, paid a scrip dividend of 15 per cent., the scrip being convertible into stock at par between March 1 and April 30, 1910, or if not, converted to be redeemed by the company at par. This called for the issue of $3,150,400 new stock. Stockholders of record April 29, 1911, were given the right to subscribe at par for 10 per cent. of new stock amounting to $2,414,650, payable between May 15 and May 27, 1911.

Stock is transferred at the office of the company, Philadelphia. Registrar, Fidelity Trust Co., Philadelphia.

Dividends were formerly paid semi-annually in May and November. They are now quarterly in February, May, August and November. In May, 1900, the semi-annual rate was increased from 2 to 2½ per cent., and the dividend paid November 27, 1900, was increased to 3 per cent., putting the stock on a 6 per cent. basis, which was the rate in 1901, but the November, 1902, dividend was reduced to 2 per cent., making 5 per cent. on the stock for 1902. In 1903, the dividends were 3 per cent. semi-annually, or 6 per cent. for the year. In 1904, the dividends paid were 7

per cent., the semi-annual payments being 3½ per cent. In 1905, paid 8 per cent. or 4 per cent. semi-annually, which was also the annual rate paid in 1906 to February, 1912, inclusive. In November, 1909, paid 1 per cent. extra. See above regarding 15 per cent. scrip dividend paid March 1, 1910.

In December, 1904, stockholders were invited to deposit their stock in a voting trust to run until March 1, 1910, the trustees to have power to sell the deposited stock at $135 per share. The trustees are R. Dale Benson, Philadelphia, Edward Walter Clark, Philadelphia, George H. Earle, Jr., Philadelphia. George H. Frazier, Philadelphia. Erskine Hewitt, New York, and Lewis A. Riley, Philadelphia. A large majority of the stock was deposited with the Provident Life & Trust Co., Philadelphia, under this arrangement. In November, 1909, a continuance of the voting trust until March 1, 1915, was proposed, and in all $17,296,700 of stock is thus held. The trustees have power to sell at not less than $175 per share.

Both classes of bonds are secured under a trust indenture dated December 1, 1911, executed by this company to the Trustee, Guaranty Trust Co., New York. There is no mortgage lien upon real estate, nor collateral security, but the company covenants not to mortgage or place any charge upon its property assets or income which shall not recognize the prior lien thereon for the benefit, first, of the 7 per cent. bonds and, second, of the 5 per cent. bonds. In case of default in interest continuing for 90 days, the Trustee, on request of 25 per cent of either class of bonds outstanding, shall declare all bonds to be due, and payable immediately, and shall sell the property at foreclosure for the benefit of the 7 per cent. and 5 per cent. bondholders in their respective orders. There is a sinking fund of $100,000 per annum for the 7 per cent. bonds, bonds to be purchased at 130 or less.

THE MACKAY COMPANIES

A voluntary association formed under the laws of Massachusetts, the agreement and declaration of trust in connection with the organization being dated December 19, 1903.

The organization owns the whole or part of the capital stock of cable, telegraph and telephone companies, including the entire capital stock of the Commercial Cable Co., $23,000,000, and the various companies contributing to the Postal Telegraph system. It was also the largest holder of the stock of the American Telephone & Telegraph Co., but in February, 1910, it sold its entire interest in that company.

The preferred shares are 4 per cent., cumulative. Shares are transferred at the office of the company, New York. Registrar, American Exchange National Bank, New York.

The first dividend on the preferred shares was 1 per cent., paid April 10, 1904, and quarterly dividends of 1 per cent. each have since been paid regularly, the dividend periods being January (1), April, July and October. The first dividend on the common stock was a semi-annual payment of 1 per cent., January 10, 1905, and similar payments were made in July, 1905, and January, 1906. In July, 1906, a quarterly dividend of 1 per cent. was paid which continued to be the regular rate, the dividend periods being January, April, July and October. The January 1910 dividend was increased to 1¼ per cent. which has since been the quarterly rate.

The income of the subordinate companies is largely in excess of the amount required to pay the dividends, but it is the policy of The Mackay Companies to obtain from the subordinate companies only enough money to meet the dividends of The Mackay Companies' shares, all surplus earnings being left in the treasuries of the subordinate companies for extensions and the development of the business and the increase of reserves.

MASSACHUSETTS ELECTRIC COMPANIES

A voluntary association organized in Massachusetts in 1899. The association is managed by a board of fifteen trustees, who hold title to its assets. The declaration of trust contains provision against the creation of any indebtedness whereby shareholders can become personally liable. The association acquired through ownership of all or a majority of their stock, thirty-six railway and electric lighting companies in Massachusetts, New Hampshire and Rhode Island. The trustees, however, procured the merger of the various companies, and in 1911 they consisted of the Old Colony Street Railway Co. and the Boston & Northern Street Railway Co. In the year last mentioned, the name of the Boston & Northern was changed to the Bay State Street Railway Co. and it absorbed the Old Colony Street Railway Co.

The following companies are controlled through lease:

Boston & Chelsea Railroad Co.	Winnisimmet (Street) Railroad Co.
Boston & Revere Electric Street Railway Co.	Nashua Street Railway.
East Middlesex Street Railway Co.	Newport & Fall River Street Railway Co.

The companies which are owned and leased have a total share capital of $23,217,100, practically all being held by the trustees of this organization except the preferred stocks of the Bay State Street Railway Co. The system comprises 889.39 miles of track, of which 63.45 miles are leased. Their power stations have an aggregate capacity of 60,275 horse-power.

The organization since its formation has provided a large amount of cash to extinguish the floating debts of the various companies and to improve the properties, and has, by consolidation

of various companies it controls and in other ways, economized their expenses and increased their earnings. The aggregate funded debt of the constituent companies, including notes, on June 30, 1911, was $23,788,000. In 1903 the Boston Elevated Railway Co. leased the portion of the Old Colony Street Railway in the city of Boston for 99 years at an annual rental of 6½ per cent. on an appraised value of $353,000.

Stock ...Par $100... Authorized { com., $14,293,100 / pref., 20,557,400 } Issued { com., $14,293,100 / pref., 20,557,400 } $34,850,500

The shares are in the form of certificates issued by the trustees and representing proportionate participation in the organization. The preferred shares are 4 per cent., cumulative.

Transfer Agent, Old Colony Trust Co., Boston. Registrar, American Trust Co., Boston.

The first dividend on the preferred shares was 2 per cent., semi-annual, paid December 1, 1899. A second dividend of 2 per cent. was paid June 1, 1900. In December, 1900, the dividend period was changed to January and July, and 2½ per cent. was paid on the preferred January 1, 1901; 2 per cent. was subsequently paid on the preferred, in July (1) and January, until January 1, 1905, when the dividend was passed, and none were paid until 1 per cent. was distributed January 1, 1909. In July, 1909, 1¾ per cent. was paid, in January, 1910, 1¾ per cent. and in July, 1910, 2 per cent., which was also the rate paid in January and July, 1911, and January, 1912.

In 1911, it was decided to pay on January 15, 1912, the accrued back dividends on the preferred, amounting to 17¾ per cent. in preferred stock, the new stock to be delivered July 1, 1912. This involves the issue of $3,648,938 additional preferred.

In January, 1909, the Boston & Northern Railway Co. issued and sold $723,600 of 6 per cent. cumulative preferred stock and in 1910 it sold $588,300 additional. The Old Colony Railway Co. in 1909 issued and sold $372,600 6 per cent. cumulative preferred stock and in 1910, $404,100 additional. These issues are now represented by $2,088,600 6 per cent. cumulative 1st preferred stock of the Bay State Street Railway Co., the dividends thereon being semi-annual in February and August and subject to call at 120.

METROPOLITAN WEST SIDE ELEVATED RAILWAY CO.

A corporation formed under the laws of Illinois, January 16, 1899. The company is a reorganization of the railroad company of the same name sold under foreclosure January 4, 1899. It owns an electric railroad, beginning at the Chicago Board of Trade Building and extending westward about six miles, the first two miles being four-tracked, balance double-tracked. The Union Consolidated Elevated, 4.38 miles, and the Union Elevated, ⅓ mile, are, as well as 3.3

miles, leased from the Aurora, Elgin & Chicago Railway. Total track operated, 51.5 miles. The company owns its right of way and makes use of the Union Elevated loop. The charter of the company provides for extensions to towns outside of Chicago. Franchise expires in 1962.

In June, 1911, the stockholders of this company were offered two options to sell the stock to the Chicago Elevated Railways (1) for cash at 75 for the preferred and 27½ per cent. for the common or (2) for part cash and part stock of the Chicago Elevated Railways, 52½ per cent. in cash, 22½ per cent. in new preferred and 18 per cent. in new common for the Metropolitan preferred and 19¼ per cent. in cash, 8¼ per cent. in new preferred and 6.6 per cent. in new common for the Metropolitan common. Under this offer the Chicago Elevated Railways acquired a large majority of the stock. See statement of that company.

THE MEXICAN LIGHT & POWER CO., LIMITED

A corporation formed under the Dominion of Canada Companies Act of 1902. The company acquired the property and franchise of the Societe de Necaxa, a Mexican corporation, having a concession from the Government of Mexico for the utilization of the water power of the Necaxa, Tenango and Catepuxtla rivers in the State of Pueblo, Mexico, for the installation of an electric plant, and the transmission of the current to the City of Mexico and elsewhere in the Republic.

It also has a franchise from Mexico City for the erection of sub-stations, and the distribution and sale of light and power in the city. In 1903, the company acquired control of the Mexican Electric Works, Limited, which has a plant in Mexico City operated by steam power and a distribution system in connection therewith. This company organized and controls the Mexican Electric Light Co., Limited, which acquired the remaining light and power companies in the City of Mexico. In 1907, the Robert Electric Co., operating in the same territory, was acquired. In January, 1910, acquired the Irrigation & Electric Co. of the State of Hidalgo, with the electric facilities of Pachuca, Mex., which are operated by the Pachuca Light & Power Co., a controlled organization.

The water powers acquired are 88½ miles distant from the City of Mexico, and the transmission line which was completed in 1905, is 95 miles long, with a branch 26 miles to the City of Pachuca. The present installations furnish 115,670 horse-power with reserve steam plants in Mexico City, including the Mexico Tramways plant, of 14,250 horse-power additional.

In February, 1909, interests identified with the Mexican Tramways Co., acquired control of this company.

The preferred stock is 7 per cent. cumulative and up to January 1, 1913, can be converted into common stock. It was authorized August 30, 1907, to acquire the Robert Electric Co. and liquidate indebtedness. In December, 1909, the authorized common stock was increased from $16,000,000 to $19,000,000 and the preferred from $2,400,000 to $6,000,000, the directors having power to issue and sell the additional stock.

The full 7 per cent. dividends are paid on the preferred stock, semi-annually in May (1) and November. On the common, 3½ per cent. was paid in 1908. In 1909, 1910 and 1911, paid 4 per cent. The common dividends are paid quarterly in January (15), April, July and October.

MICHIGAN COPPER MINING CO.

A corporation formed under the laws of Michigan, June 15, 1898. The company acquired the old Minnesota mine in Ontonagon County, Mich., which had been a large producer of copper, and paid dividends on its stock in the early history of copper mining in the Lake Superior district. The Minnesota mine was opened in 1848, but was abandoned in 1870 owing to the unprofitable results from operating it by the crude methods then in vogue. The property consists of some 4,000 acres of mineral and timber land, and is on the line of a branch of the Chicago, Milwaukee & St. Paul Railway. The present company has developed the mine on modern principles.

THE NATIONAL CASH REGISTER CO.

A corporation formed under the laws of New Jersey, March 31, 1899, and reincorporated under the laws of Ohio, in 1906. The purpose of the company is the manufacture of cash registers and kindred mechanisms. It has an establishment at Dayton, O., occupying 140 acres of ground, with sixteen factory structures, its output being 550 registers per day. It has branch factories at Berlin, Germany, and Toronto, Canada. The company makes many styles of registers and manufactures 95 per cent. of all the cash registers sold in the United States. It has 270 stores for the sale of its products in the United States and selling agencies in foreign countries.

In December, 1911, suit was brought by the United States Government against this company and certain officers charging violation of the Anti-Trust Law.

The preferred stock is 7 per cent., cumulative. It also has preference as to distribution of the assets in case of dissolution. Transfer Agent, Dayton Savings & Trust Co., Dayton, O.

In September, 1906, the common stock authorized and issued was increased from $4,000,000 to $9,000,000 and the additional amount distributed to the common stockholders as a stock dividend.

Dividends on the preferred have been paid regularly since the stock was issued, the payments being semi-annual, 3½ per cent. in January and July. In 1904, 2 per cent. was paid on the common stock; in 1905, 3 per cent.; in 1906, 3 per cent.; in 1907, 1 per cent. In April, 1908, 2 per cent. was declared payable in nine monthly instalments, the first being on April 10, 1908, and the others on the 1st of each succeeding month. In December, 1908, 2½ per cent. was declared payable in twelve instalments, beginning January 1, 1909. In December, 1909, 2½ per cent. was again declared payable likewise in twelve monthly instalments, beginning January 1, 1910. The same rate and payments were declared for 1911 and 1912.

The net earnings of the company are stated to have averaged about $300,000 per annum.

NATIONAL ENAMELING & STAMPING CO.

A corporation formed under the laws of New Jersey, January 21, 1899. It is a consolidation of concerns which produce the greater part of the enameled ware made in the United States and a large proportion of the tin, galvanized, japanned and copper wares. The plants acquired were those of the St. Louis Stamping Co.; St. Louis Tin Plate Co.; Granite City Rolling Mills; Granite City Steel Works; Granite City Sheet Mills, located at St. Louis, and Granite City, Ill.; Kieckhefer Brothers Co., Milwaukee; Matthai, Ingram & Co., Baltimore; the Haberman Manufacturing Co., Berlin Village, L. I., and Brooklyn, N. Y.; American Stamping Co., Brooklyn, N. Y.; Eastern Tinware Co., Portland, Conn.; Stewart Enamel Co., Bellaire, O.; Keene & Hagerty Manufacturing Co., Baltimore; H. Haller Manufacturing Co., Limited, New Orleans. The company also acquired the rolling mills of the St. Louis Stamping Co. and its tin plate mills. In 1903, purchased the Whitaker & Weber Manufacturing Co., St. Louis, and in 1904, the National Manufacturing Co., New Orleans.

The preferred stock is 7 per cent., cumulative. Transfer agencies, New Jersey Corporation's Agency, Jersey City; office of the company, New York. Registrar, Guaranty Trust Co., New York.

The first quarterly dividend of 1¾ per cent. on the preferred stock was paid March 31, 1899, and regular quarterly dividends at the same rate have since been paid, the dividend periods on the preferred now being January (1), April, July and October. In December, 1904, dividends on the preferred for nine months were declared at the rate of 7 per cent. per annum, the same to be paid 1¾ per cent. each January 1, April 1 and July 1, 1905. The declaration for nine in place of twelve months was in order to make the company's dividend year coincide with its fiscal year. In August, 1905, 7 per cent. was declared on the preferred, payable 1¾ per cent. each October 1, 1905, and January 1, April 1 and July 1, 1906, and similar quarterly payments have since been paid to 1912, inclusive.

The first dividend on the common was 4 per cent., declared in 1901, out of earnings of that year and payable in four quarterly instalments of 1 per cent. each, beginning January 1, 1902. Dividends at the same rate were thereafter paid regularly on the common stock in January (1), April, July and October, until October, 1904, inclusive. In December, 1904, dividends for nine months were declared on the common, to be paid, ¾ per cent. each, in January, April and July, 1905, but no further dividends have been paid on the common since the last named date.

NEVADA CONSOLIDATED COPPER CO.

(Controlled by Utah Copper Co.)

A corporation formed under the laws of Maine, November 17, 1904.

The mining properties of the company are located in the Robinson Mining District, near Ely, White Pine County, Nevada, 153 miles south of Cobre, a station on the Southern Pacific Railroad. The company owns some 800 acres of mineral land in several groups. Its principal developments are at the Ruth and Eureka workings.

In November, 1909, this company's stock was increased to $10,000,000, authorized, to purchase the stock of the Cumberland-Ely Copper Co., and holders of the $6,500,000 of the latter (par $5) were offered 1 share of Nevada Consolidated for each 3¼ shares of Cumberland-Ely. Under this offer 99.85 per cent. of the Cumberland-Ely stock was acquired, and on August 10, 1910, the Nevada Consolidated purchased its entire property. See statement of the Cumberland-Ely Copper Co. in MANUAL for 1910.

The Nevada Consolidated Copper Co. owns all the capital stock of the Nevada Northern Railroad Co., and of the Steptoe Valley Smelting and Mining Co. In the fall of 1906, the 141 miles of road between Cobre and Ely was completed.

The Steptoe Valley Smelting and Mining Co's holdings include 8,000 acres, together with a water right sufficient to treat 10,000 tons of ore daily. The company has a concentrating plant and a smelter capable of handling 8,000 tons per day.

In January, 1910, the Utah Copper Co. offered to give 1 share of its stock for 2¼ shares of Nevada Consolidated Copper stock. Holders of a majority of this company's stock accepted this offer.

Stock.....Par $5..... Authorized, $10,000,000.....Issued, $9,996,975

An initial dividend of 37½ cents per share was paid December 31, 1909, and similar dividends have since been paid quarterly in March (31), June, September and December, being $1.50 per share, or 30 per cent. yearly.

The stock is full paid and non-assessable. Stock is transferred at the company's office, New York. Transfer Agent, Boston Safe Deposit & Trust Co., Boston. Registrar's, Guaranty Trust Co., New York; Old Colony Trust Co., Boston.

The company's bonds have been retired in exchange for stock or by purchase and the mortgage cancelled.

NEW ENGLAND COTTON YARN CO.

A corporation formed under the laws of Massachusetts, November 27, 1903. The company was organized to take over the property of the New England Cotton Yarn Co. of New Jersey, in pursuance of the plan of reorganization, referred to below. The statement of the old company was given in the MANUAL for 1903.

In November, 1909, it was decided to lease the property of the company to the Union Mills, for 99 years, the terms including a guarantee of 6 per cent. dividends on the preferred and 7½ per cent. per annum on the common stock of the company.

Stock..Par $100....Authorized { com., $3,900,000 / pref., 2,000,000 } Issued { com., $3,900,000 / pref., 2,000,000 } $5,900,000

The preferred stock is 6 per cent., non-cumulative, and is subject to call at the company's option, after January 1, 1904, at 140 and accrued dividends. The preferred stock represents cash paid in under the reorganization plan. Transfer Agents, Kidder, Peabody & Co., 115 Devonshire street, Boston. Registrar, National Shawmut Bank, Boston.

The first dividend on the preferred stock of the present company was 1½ per cent. paid November, 1905, and similar quarterly dividends have since been paid, the dividend periods being February, May, August and November.

The initial dividend on the common was 1½ per cent., paid September 3, 1907. At the same time 6 per cent. was declared on the common, payable quarterly 1½ per cent. each September 3 and December 3, 1907 and in March and June, 1908. Similar quarterly dividends were paid until the lease went into effect. After the payment of 1½ per cent. quarterly February 1, 1910, the 7½ per cent. common dividends under the lease have been paid $3.75 per share, each, in April (1) and October.

NEW ENGLAND INVESTMENT & SECURITY CO.

A voluntary association formed under the laws of Massachusetts, June 25, 1906. The company took over the traction properties in Massachusetts acquired by the New York, New Haven & Hartford Railroad Co., the control of which had been vested in the Consolidated Railway Co. The properties controlled through the ownership of all or a majority of their stocks comprise the following:

Springfield Railway Cos., Springfield, Mass.
Springfield Street Railway Co., " "
Worcester Consolidated St. Ry., Worcester, "
Worcester Ry. & Invest. Co., Worcester, Mass.
Milford, Attleboro & Woonsocket Street Railway Co.

In May, 1908, the Supreme Court of Massachusetts decided that the New York, New Haven & Hartford Railroad Co. must divest itself of ownership or contract of trolley properties in that State with which decision that company complied by selling its stock in this company to other interests. In December, 1911, steps were taken to obtain authority from the Massachusetts Legislature whereby the New York, New Haven & Hartford might purchase the holdings of the Security Co., and in 1911 authority was sought for a merger of the properties controlled by this company under the title of the Worcester, Springfield & Berkshire Street Railway Co.

Stock..Par $100.....Authorized { com., $10,000,000 / pref., 10,000,000 } Issued { com., $100,000 / pref., 4,000,000 } $4,100,000

The preferred stock is 4 per cent., cumulative, but may be called at 105 and accrued dividends. Dividends are guaranteed by the New York, New Haven & Hartford Railroad Co., successor to the Consolidated Railway Co., which also agreed to guarantee $105 per share for the preferred in case of liquidation. The stock may be called at 105 and accumulated dividends.

Transfer Agent, Old Colony Trust Co., Boston. Registrar, New England Trust Co., Boston.

The first dividend on the preferred stock was 2 per cent., paid in January, 1907, and similar dividends have since been paid in January and July to January, 1912, inclusive.

NEW ORLEANS RAILWAY & LIGHT CO.

A corporation formed under the laws of Louisiana, June 12, 1905. The company is a reorganization of the New Orleans Railways Co. The latter company was formed under the laws of New Jersey, January 28, 1902, and acquired practically all the street railway and lighting facilities of New Orleans, the system having a total of 197.72 miles of track. It was a combination of the following companies, which are controlled through ownership of nearly all their stocks:

New Orleans City Railroad Co.
New Orleans & Carrollton Railroad, Light & Power Co.
New Orleans & Pontchartrain Railway Co.
Orleans Railroad Co.
St. Charles Street Railroad Co.
New Orleans Gas Light Co.
New Orleans Lighting Co.

Details as to the reorganization are given in the MANUAL for 1907.

In May, 1911, this company's stockholders were offered the privilege of exchanging their stock for that of the American Cities Co., which also acquired the American Cities Railway & Light Co. Under the plan New Orleans Railway & Light common was exchangeable for 35 per cent. in American Cities Co. preferred and 25 per cent. of the latter's common. New Orleans Railway & Light preferred was exchangeable for 83⅓ per cent. in new preferred and 16⅔ per cent. in new common. Under this arrangement the American Cities Co. acquired 87.5 per cent. of the preferred and 96 per cent. of the common stock of this company.

Stock..Par $100...Authorized { com., $20,000,000 / pref., 10,000,000 } Issued { com., $20,000,000 / pref., 10,000,000 } $30,000,000

The preferred stock is 5 per. cent., non-cumulative. Transfer Agents, New York Trust Co., New York; Whitney-Central National Bank, New Orleans. Registrars, Guaranty Trust Co., New York; Hibernia Bank & Trust Co., New Orleans.

The initial dividend on the preferred stock was 1¼ per cent. quarterly, paid January 15, 1906, and similar payments continued to be made, the dividend periods being January, April, July and October. The October, 1907, dividend, however, was reduced to 62½ cents per share, or ⅝ of 1 per cent., and no further dividends were paid until January, 1911, when 2½ per cent. was paid. In April, 1911, paid 1¼ per cent. and the same rate was paid in July and October and on December, 28, 1911.

NEW YORK & QUEENS COUNTY RAILWAY CO.

(Controlled by Interborough Rapid Transit Co.)

A corporation formed under the laws of New York, June 26, 1896. The company is a consolidation of several organizations comprising the entire street railway system of Long Island City, N. Y., including a line to Flushing, N. Y. It has 40.24 miles of lines, comprising 74.47 miles of trolley track, with a power station at Astoria, L. I. The company has a franchise to run cars over the new Queensboro Bridge to New York.

In 1904, control of this company was acquired by the Interborough Rapid Transit Co., which owns nearly all the capital stock. A tunnel was constructed under the East River to connect this company's lines with the New York Subway, at Forty-second street, Manhattan. This work was completed in 1908. Its operation was, however, delayed by dispute with the City regarding the validity of the franchises, and negotiations were instituted for the sale of the tunnel to the company, but without success. In March, 1911, the matter was still unsettled, and the tunnel not operated.

NEW YORK RAILWAYS CO.

A corporation formed under the laws of New York, December 30, 1911, in pursuance of the plan for a reorganization of the Metropolitan Street Railway Co. At 12 o'clock P.M., December 31, 1911, this company took possession of the railways and property of the Metropolitan Street Railway Co., which had been sold under foreclosure December 29, 1911, and purchased for the reorganization committee. The road owned 47.21 miles, controlled or leased 101.97 miles, total 147.18 miles, in the Borough of Manhattan, New York City. Under the reorganization as affected, this company acquired the properties comprising the old Metropolitan Street Railway System, except the Third Avenue Railroad Co. (see statement of that company), the Central Park, North & East River Railroad, the Second Avenue Railroad Co., and the Twenty-Eighth & Twenty-Ninth Streets Crosstown Railroad Co., the three latter companies being in the hands of separate Receivers.

The Metropolitan Street Railway Co. was formed under the laws of New York, November 12, 1893. For details of its history see MANUAL for 1911. In 1902 it was leased to the New York City Railway Co., an organization controlled by the Metropolitan Securities Co., the New York City Railway guaranteeing 7 per cent. dividends on the Metropolitan's $52,000,000 of stock. In 1906, a majority of the Metropolitan Street Railway stock was acquired by the Interborough-Metropolitan Co., and the latter company participated in the reorganization, and holds a controlling interest in the stock of the present company, the New York Railways Co. See statement of the Interborough-Metropolitan Co.

On October 1, 1907, Adrian H. Joline, New York, and Douglas Robinson, New York, were appointed by the United States Circuit Court, Receivers of the Metropolitan Street Railway Co.

The Metropolitan Street Railway Co. had $52,000,000 of stock, $12,500,000 general collateral trust 5 per cent. bonds, and $16,604,000 refunding mortgage 4 per cent. bonds. The general

5s were in default from February, 1908, and the refunding 4s from April, 1908. A joint reorganization committee was formed for the refunding and the general collateral trust bonds composed of: Donald Mackay, New York; W. P. Dixon, New York; Guy E. Tripp, New York; and Otto H. Kahn, New York. There was also a protective committee for the minority stockholders: Chairman, John I. Waterbury, New York. The Guaranty Trust Co., New York, was Depositary for the general collateral trust 5 per cent. bonds, and the Farmers' Loan & Trust Co., New York, depositary for the refunding 4s. A decree of foreclosure was granted in March, 1909, in the suit brought by the trustees of the general collateral trust mortgage. The time of sale was postponed from time to time on account of there being no definite reorganization plan, but was finally effected in December, 1911, as stated above, and the properties covered by the sale were taken over by the present company.

The Joint Reorganization Committee for the general 5s and refunding 4s in December, 1910, submitted a plan which proposed the formation of a new company to take over the Metropolitan Street Railway and certain of its subsidiaries. The properties and securities of the Third Avenue Railroad Co., Second Avenue Railroad Co., Central Park, North & East River Railroad Co.; 28th & 29th Street Crosstown Railroad Co. and Fulton Street Railroad were not included in the plan. The original plan was modified in some respects and the distribution as finally agreed upon of the new securities to creditors and holders of the old issues was as follows:

	Receive in New			Pay
	1st Ref. 4s	Adjustment 5s.	Stock	Assessment
Metropoliton gen. 5s	50 per cent.	100 per cent.	.....	.....
Metropolitan refunding 4s	25 "	75 "	.....	.....
Central Crosstown notes	17⅓ "	82.4 "	.....	.....
Metropolitan Crosstown 5s	15 "	85 "	.....	.....
Injury (tort) claims	50 "	100 "	.....	.....
Metropolitan St. Ry. stock	8.83 "	5.30 "	30.91 per cent.	12.90 per cent.
Central Crosstown stock	8.83 "	5.30 "	30.91 "	12.90 "

The assessments under the plan amounted to $7,301,400 in cash. It was provided that the defaulted interest to January, 1912, on the general 5s, amounting to $3,085,417, and on the refunding 4s, amounting to $3,141,477, should be settled in the new 1st 4s.

In May, 1900, the Metropolitan Street Railway Co. leased the Third Avenue Railroad Co., and guaranteed that company's issue of $50,000,000 4 per cent. bonds. The Third Avenue Railroad Co. was placed in the hands of F. W. Whitridge as separate Receiver in September, 1907. The Central Park, North & East River Railroad Co's lease was canceled in June, 1908, and that road returned to its stockholders. In June, 1908, the Receivers discontinued operating the Fulton Street Railroad. The rental of the Second Avenue Railroad Co. was defaulted in March, 1908, and in September, 1908, a Receiver was appointed for that company. The Twenty-eighth & Twenty-ninth Street Crosstown Railway also was placed under a separate Receivership.

On June 30, 1906, the Metropolitan Street Railway Co.'s system comprised 516.80 miles. This included 424.27 miles operated with electric power and 92.53 miles with horses.

In connection with the installation of electric power on its lines the old company acquired a water-front property on the East River at Ninety-sixth and Ninety-seventh streets, where it erected a large power station.

Stock.....Par $100.....Authorized, $17,500,000....Issued, $17,500,000

The reorganization plan provided that the stock of the company might be issued as voting trust or participation certificates. Transfer Agent, Charles E. Warren, 165 Broadway, New York. Registrar, Guaranty Trust Co., New York.

Dividends on the stock of the Metropolitan Street Railway were as follows: in 1898, 5 per cent.; in December, 1898, the quarterly dividend, payable January 16, 1899, was increased from 1¼ to 1¾ per cent., putting the stock on a 7 per cent. basis. The dividends were paid quarterly, in January (15), April, July and October. The last quarterly dividend paid was in July, 1907, the October, 1907, payment being passed in consequence of the Receivership of the Metropolitan Street Railway Co. and of its lessee, the New York City Railway Co.

Rochester & Suburban Railway	11.41
Rochester Electric Ry	4.83
Ontario Light & Traction Co	2.23
East Side Traction Co	6.44
Total	259.59

This company was formed in pursuance of a plan to combine under one ownership the stocks of various electric railroads in New York which had been acquired by, or in the interest of, the New York Central & Hudson River Railroad Co., and which were vested in the Mohawk Valley Co. The latter reassigned these interests to the New York Central and they were conveyed to the present company after the consolidation.

The Oneida Railway, in addition to above mileage, has trackage over the West Shore Railroad between Utica and Syracuse and operates over a total of 105.6 miles.

This company controls the Rochester Electric Co. and the Ontario Light & Traction Co., the latter controlling the Canandaigua Gas Light Co.

The Schenectady Railway's $4,100,000 stock is owned half by this company and half by the Delaware & Hudson Co. The New York State Railways owns all the $7,500,000 stock of the Utica & Mohawk Valley Railway Co. It owns 96 per cent. of the $2,000,000 stock of the Oneida Railway Co. and 67.81 per cent. of the $5,750,000 stock of the Syracuse Rapid Transit Co. See separate statements of the latter and of the Schenectady Railway Co.

The New York Central & Hudson River Railroad Co. on December 31, 1911, held $13,604,900 of the stock of this company.

See statement of the Rochester Railway & Light Co., which formerly held control of the Rochester Railway Co., through ownership of the majority of its capital stock.

THE NIAGARA FALLS POWER CO.

A corporation formed under special acts of the State of New York in 1886, and having authority by later statutes to use the water of Niagara River, and to transmit any power, heat or light developed from such water to any point in the State. Its hydraulic works include 7,481 feet of tunnel, extending from its power-house to the level of the river below the Falls, and two plants with an aggregate capacity of about 105,000 electrical horse-power, in addition to a plant on the Canadian side with 63,000 horse-power which is to be increased to 125,000 horse-power. The American and Canadian plants are inter-connected. The Canadian plant was constructed by The Canadian Niagara Power Co., the stock control of which is held by this company.

The company owns 1,070 acres of land in the city of Niagara Falls, N.Y., devoted to sites for factories using its power. Power is supplied to tenants of the company on its lands in the city of Niagara Falls and to customers in Niagara Falls, Buffalo and Tonawandas.

Commercial service from the first two units installed in the American plant was begun in August, 1895. Approximately 140,000 electrical horse-power and 8,000 hydraulic horse-power is now being supplied to upwards of three hundred-power users, at distances varying from one-quarter of a mile to thirty-five miles, at Niagara Falls, N. Y.; Niagara Falls, Canada; Buffalo, North Tonawanda and Tonawanda.

NILES-BEMENT-POND CO.

A corporation organized under the laws of New Jersey, August 11, 1899. The company was formed to combine the business of the following manufacturers of machinery and machine tools:

Niles Tool Works Co., Hamilton, O.	Pond Machine Tool Co., Plainfield, N. J.
Bement, Miles & Co., Philadelphia.	Philadelphia Engineering Co., Philadelphia.

In January, 1901, the Pratt & Whitney Co., of Hartford, Conn., was acquired, and in 1902 the Milwaukee Machine Tool Co. In 1905, acquired control of John Bertram & Sons, Limited, Dundas, Ontario, and Pratt & Whitney Co., of Canada Limited and in 1906 bought the work of the Ridgway Machine Tool Co., Ridgway, Pa.

Stock...Par $100....Authorized { com., $8,500,000 / pref., 3,000,000 } Issued { com., $8,500,000 / pref., 1,771,400 } $10,271,400

The preferred stock is 6 per cent., cumulative, and was subject to call at 105 in 1911. In December, 1910, the date for such redemption was extended to January, 1921.

In November, 1906, the authorized common stock was increased from $5,000,000 to $8,500,000. Of the increase $2,000,000 was distributed as a stock dividend on the common shares and $1,500,000 was sold at par in January, 1907.

Transfer Agent, Corporation Trust Co., Jersey City. Registrar, Equitable Trust Co., New York.

The first dividend paid on the preferred stock was 1¾ per cent., quarterly, November 1, 1899. Dividends at the same rate have since been regularly paid on the preferred, quarterly February, May, August and November. The first dividend on the common was declared in August, 1900, and was 3 per cent. half-yearly, payable in two instalments of 1½ per cent. each on September 20 and December 20, 1900. In 1901, 6 per cent. was paid on the common in quarterly payments of 1½ per cent. each in March, June, September and December. In addition to the regular dividend of 1½ per cent. on the common in March, 1902, the company declared an extra 1 per cent. dividend, payable May 15, 1902. The September, 1902, dividend on the common was 2 per cent., or 8 per cent. per annum, which continued to be the regular quarterly rate until June, 1904, inclusive. The September, 1904, dividend was, however, reduced to 1¾ per cent., which has since been the regular rate. On January 2, 1907, the common received a stock dividend of 40 per cent.

There was outstanding $1,225,000 preferred stock of the Pratt & Whitney Co., on which this company guaranteed dividends of 6 per cent. per annum, payable quarterly, February, but reserved the right to call the same at par in 1911. In December, 1909, it was decided to call the original Pratt & Whitney preferred on January 1, 1911, and to issue $2,000,000 of new preferred entitled to 6 per cent. dividends, the dividends being guaranteed by the Niles-Bement-Pond Co. (provided the latter earns the same upon its own stock), and redeemable January, 1951. The preferred stock of the Niles Tool Works is $1,000,000, not guaranteed, but 6 per cent. is paid thereon, the dividend being quarterly, March. The Ridgway Machine Co., has $429,000 6 per cent. cumulative preferred, on which the dividends are guaranteed, and $126,000 of 5 per cent. bonds redeemable at par.

NORTH AMERICAN CO.

A corporation formed under the laws of New Jersey, June 14, 1890. The company was organized to succeed the Oregon & Transcontinental Co. and purchased the securities owned by the latter.

The company is largely interested in street railway, gas and electric enterprises, controlling the Milwaukee Light, Heat and Traction Co., the Milwaukee Electric Railway & Light Co., the Union Electric Light & Power Co. of St. Louis, St. Louis County Gas Co., the United Railways of St. Louis and the West Kentucky Coal Co. The company had an interest in the Laclede Gas Co. of St. Louis, but sold same in July, 1909, to local capitalists.

Stock.....Par $100..... Authorized, $30,000,000.....Issued, $29,793,300

On January 23, 1901, the stockholders ratified a reduction of the stock from $50,000,000 authorized to $12,000,000. The amount of old stock outstanding was $39,789,200, which was reduced to the amount given above. In March, 1903, the stock was increased from $12,000,000 to $17,000,000, the stockholders subscribing at par for the same. The purpose of the increase was to acquire control of the Laclede Gas Co. In February, 1905, the company acquired the minority interests in the Laclede Gas Co. and the Union Electric Light, Heat & Power Co. of St. Louis. An increase of the authorized stock from $17,000,000 to $30,000,000 was made, the stockholders subscribing at par for $5,100,000 of new stock.

The West Kentucky Coal Co. was acquired in May, 1905. That company owns about 28,000 acres of coal lands and has an issue of $5,000,000 5 per cent. bonds, of which $1,910,000 are outstanding. In 1905, also acquired a majority of the stock of the United Railways of St. Louis. In August, 1906, the St. Louis and Suburban Railway Co. was purchased. In 1907, the company sold its holdings of stock of the Milwaukee Electric Railway and Light Co. to the Milwaukee Light, Heat & Traction Co., receiving that company's stock and bonds in payment therefor.

Stock is transferred at the office of the company, New York. Registrar, Farmers' Loan & Trust Co., New York.

The company began the payment of dividends on its stock on March 1, 1903, paying 1 per cent. quarterly, or 4 per cent. per annum, the rate being increased to 1¼ per cent., or 5 per cent. per annum, March 1, 1904, which was thereafter the regular rate, the dividend periods being March (1), June, September and December. The December, 1907, dividend was, however, passed and none were paid until 1¼ per cent. in April, 1909, which has since been the regular quarterly rate in January, April, July and October.

Central California Electric mort., 5 per cent., due May 1, 1933.....	2,000
Total	$71,756,000

The foregoing is a statement of the funded debt after the retirement of the Pacific Gas & Electric general mortgage and collateral trust bonds and its debenture mortgage bonds, both of which were called for redemption in the early part of 1912.

The Pacific Gas & Electric Co.'s general and refunding mortgage was authorized in 1911 for $150,000,000, of which $64,404,502 were reserved to retire underlying bonds and $69,595,498 for additional property and improvements. The bonds are redeemable as a whole at par January 1, 1937, or any subsequent interest date, or for the sinking fund at 105 on any interest date. Trustees, Bankers' Trust Co., New York, and Frank B. Anderson, San Francisco. There is an annual sinking fund of 1 per cent. of the bonds of this and underlying issues outstanding beginning 1912.

The company had $8,492,502 of collateral trust 5 per cent. bonds outstanding, due January, 1936, which were called for payment at 105 February 9, 1912.

The Pacific Gas & Electric Co.'s new debentures of 1907 were $4,000,000 authorized and could be called at 100 and interest. Trustee, Equitable Trust Co., New York. The debentures have been called for retirement.

The general and collateral trust mortgage of the California Gas & Electric Corporation is $10,000,000, authorized, secured by practically all the shares of the constituent companies as collateral. Of the total mortgage $2,450,000 was reserved for acquisitions and betterments. The bonds are subject to call on any interest day at 110 and interest. A sinking fund is provided as follows: March 1, 1904 to 1908, $150,000 per annum; 1909 to 1913, $200,000 per annum; 1914 to 1918, $250,000 per annum; 1919 to 1923, $300,000 per annum; 1924 to 1928, $350,000 per annum; 1929 to 1933, $400,000 per annum. The sinking fund will also provide for the use of funds of the constituent companies and for the redemption of their bonds. The bonds redeemed will be kept alive and bear interest, except where their cancellation has been expressly provided for. Trustee of the mortgage and agent for the payment of interest, Mercantile Trust Co., San Francisco.

The California Gas & Electric Corporation unifying and refunding 5 per cent. mortgage was authorized in 1907 for $45,000,000, having a lien upon all the property and franchises of the corporation owned or hereafter acquired. It is also a lien through a supplementary mortgage to be executed by the Pacific Gas & Electric Co., prior to any other mortgage of the Pacific Gas & Electric Co., upon all the properties of that company except the stock of the San Francisco Gas & Electric Co., but includes the properties of the California Central Gas & Electric Co., Fresno Gas & Electric Lighting Co., and the Vallejo Gas Co., subject, however, to underlying mortgage of the California Central Co. $30,282,000 par value of the new bonds were reserved to retire prior liens. Balance will be issued in carefully restricted amounts for refunding floating debt and for 85 per cent. of new improvements, betterments, etc. The bonds are callable at 110 and interest upon any interest date after November 1, 1912, upon 60 days' notice. The mortgage provides that a sinking fund be created and maintained as follows: 1912 to 1916 inclusive, $450,000 per annum; 1917 to 1921 inclusive, $550,000 per annum; 1922 to 1926 inclusive, $700,000 per annum; 1927 to 1936 inclusive, $900,000 per annum. This sinking fund will be applied as far as necessary toward making the sinking fund payments required by underlying mortgages and the balance to purchase for the sinking fund of the bonds issued under the new mortgage. There are $20,513,000 of these bonds issued, the mortgage being now closed for further issues of same.

The total amount of the 1st mortgage of the Sacramento Electric, Gas & Railway Co. is $2,500,000, of which amount $265,000 are for Central Electric Railway bonds. Bonds may be retired as follows: 1902 to 1906, $5,000 per annum; 1907 to 1911, $10,000 per annum; 1912 to 1916, $20,000 per annum; 1917 to 1921, $30,000 per annum; 1922 to 1926, $40,000 per annum. Trustee, Mercantile Trust Co. of San Francisco. Interest is paid at the company's office, San Francisco, and at the office of N. W. Halsey & Co., New York.

The 1st mortgage of the Central Electric Railway is for $265,000. Trustee and agent for the payment of interest, Mercantile Trust Co. of San Francisco. Interest is also payable at the Union Trust Co., New York. The 2d mortgage bonds of the Bay Counties Power Co. are subject to call at any time at 105.

The total amount of the 1st mortgage of the Valley Counties Power Co. is $2,500,000. A sinking fund, beginning in 1905 with 1 per cent. of the outstanding bonds and increasing to 5 per cent. in 1925 and thereafter, is provided. Trustee, Mercantile Trust Co. of San Francisco.

PENNSYLVANIA WATER & POWER CO.

A corporation formed under the laws of Pennsylvania, January 13, 1910. The company acquired the property of the McCall Ferry Power Co., which was sold at foreclosure in December, 1909, and was purchased by a committee representing the bondholders, in pursuance of a plan of reorganization, the present company having been organized to take over and complete the plant. The latter comprises a hydro-electric installation with a dam in the Susquehanna river.

Of the five units comprising the initial installation, three were in operation in March, 1911, and the fourth and fifth units were under construction in 1911. The company owns a strip of land 100 feet wide, from the Susquehanna River to the transformer station in the outskirts of Baltimore, on which it has erected a double transmission system. Contracts were effected with the Consolidated Gas, Electric Light & Power Co., and the United Railways & Electric Co., of Baltimore, calling for amount of about 25,000 horse-power. The revenue from these contracts will be sufficient to pay operating expenses and fixed charges, and leave a considerable surplus.

PEOPLE'S GAS LIGHT & COKE CO.

A corporation formed under a special charter granted by the Legislature of Illinois, February 12, 1855, and amended February 7, 1865. It was one of the companies whose stock was owned by the Chicago Gas Trust Co. In July, 1897, an act was passed by the Illinois Legislature allowing the consolidation of all the properties with this company. In addition to the companies, which were owned by the old organization, this company, in November, 1897, purchased the property of the Mutual Fuel Gas Co. The Mutual and the Hyde Park companies were consolidated with this company in January, 1898. In January, 1899, the company acquired the Calumet Gas Co., operating in South Chicago. In October, 1900, a contract was made by which the property of the Ogden Gas Co. is to be purchased by this company when its franchise expires in 1945. In February, 1907, the stockholders of the company ratified a proposition to lease the Ogden Gas Co. A lease of the Universal Gas Co. was also authorized. In 1906, entered into arrangements with the Indiana Natural Gas & Oil Co. by which it obtained an increased supply of natural gas and as part of the arrangement agreed to guarantee the stock and bonds of that company. See the MANUAL for 1906 for details of the consolidation effected in 1897.

On December 31, 1911, the company had 2,676 miles of mains, 545,773 meters in service, 328,824 gas stoves, 18,190 public lamps and 88,033 gas arc lamps.

Capital stock.....Par $100.....Authorized, $35,000,000.....Issued, $35,000,000

In November, 1898, stock was increased from $25,000,000 to $30,000,000 and $3,750,000 offered to stockholders for subscription at par. In September, 1901, there was a further increase to $35,000,000, and $4,300,300 was taken by the stockholders at par. In February, 1909, $2,030,000 new stock was offered to stockholders of record at par.

Transfer Agent, Lawyers' Title Insurance & Trust Co., New York.

The consolidated company paid its first dividend November 24, 1897, and thereafter paid dividends at the rate of 6 per cent. per annum, the quarterly payments being 1½ per cent. each in February (25), May, August and November. In January, 1906, the dividend payable February 25, 1906, was reduced to 1¼ per cent., putting the stock on a 5 per cent. basis, but the February, 1906, dividend was increased to 1½ per cent., restoring the stock to a 6 per cent. dividend basis. In May, 1909, the quarterly rate was 1¾ per cent., or 7 per cent. per annum, which has since been the regular rate.

Washington & Canonsburg Railway Co.	The Beaver Valley Traction Co.
Allegheny, Bellevue & Perrysville Railway Co.	Mount Washington Street Railway Co.
Pittsburg & Castle Shannon Railroad Co.	Pittsburg & Beaver Street Railway Co.

It also owns or controls by lease the following electric and lighting companies:

Allegheny County Light Co.	Consolidated Gas Co.
Southern Heat, Light & Power Co.	Allegheny Illuminating Co.
South Side Gas Co.	Ohio Valley Electric Co.
Monongahela Light & Power Co.	Braddock Gas & Light Co.

Through its own lines and those of a number of companies controlled it supplies nearly all the natural gas consumed in Pittsburgh and Allegheny and the adjacent towns. The principal fuel gas concerns included in the system are:

Philadelphia Co. of West Va.	Chartiers Valley Gas Co.
Equitable Gas Co.	Pennsylvania Natural Gas Co.
Union Gas Co. of McKeesport.	Allegheny Heating Co.
Fairmont & Grafton Gas Co.	

The total mileage of the street railways owned and controlled is about 640 miles. For convenience and economy they are all operated, under agreement, by the Pittsburg Railways Co., one of the constituent concerns. The Beaver Valley Traction Co., 35 miles, was acquired in July, 1905, and with the Pittsburg & Beaver Street Railway, 15 miles, is operated separately.

The electric and illuminating gas properties are the only ones supplying the cities of Pittsburgh and Allegheny with such facilities. They are operated by the Allegheny County Light Co. and the Consolidated Gas Co. of the City of Pittsburgh.

In connection with its natural gas business the company leases 580,000 acres of gas lands in Pennsylvania and West Virginia.

In February, 1906, a plan was formulated for the acquisition of control of this company by the United Railways Investment Co. A proposition was submitted to this company's common stockholders to sell 16-30 of their holdings to the United Railways Investment Co., receiving for each $50 share $37.50 in collateral trust bonds secured by the stock acquired and either $20 in stock of the United Railways Investment Co. or $10 in cash. Under this arrangement $21,000,000 of the common stock was acquired. In April, 1907, $3,200,000 additional of the stock was acquired. See statement of the United Railways Investment Co.

The preferred stock is 5 per cent., non-cumulative. In December, 1901, the authorized common stock was increased from $15,000,000 to $30,000,000. This company issued $10,600,000 new common in exchange for the stocks of the Consolidated Traction Co. and the other companies acquired at that time, and also issued for the same purpose $1,800,000 of the preferred stock held in the treasury. In 1906, the authorized common stock was increased to $36,000,000, and in September, 1906, $3,240,000 of common was allotted to shareholders at par. The authorized common was further increased to $41,000,000, in 1909, to provide for the conversion of the 5 per cent. debentures. In December, 1909, stockholders and holders of the convertible debentures had the right to subscribe to the extent of 6½ per cent. of holdings for $2,760,000 new common at par.

Transfer Agents, Union Trust Co., Pittsburgh; Central Trust Co., New York; Guarantee Trust & Safe Deposit Co., Philadelphia. Registrars, Fidelity Title & Trust Co., Pittsburgh; Bankers Trust Co., New York; Land Title & Trust Co., Philadelphia.

Full 5 per cent. dividends on the preferred stock have been paid since the consolidation. On the preferred the dividends are 2½ per cent. half-yearly, in March (1) and September. The

common stock received 4¾ per cent. in 1899, 5 per cent. in 1900, 5¾ per cent. in 1901, and 6 per cent. in 1902 to 1909, inclusive. On the common dividends of 6 per cent. per annum are now paid quarterly 1½ per cent. each in February (1), May, August and November. In 1910 and 1911, paid extra dividends on the common, being ½ per cent. August 1 and ½ per cent. November 1.

Philadelphia Electric trust certificates, 4 per cent., due Oct., 1949, Jan. and July.....	15,014,[illegible]
Total.....	$28,276,[illegible]

The Philadelphia Electric Co. 4 per cent. trust certificates are $17,500,000 authorized. Of the certificates issued, $2,000,000 are held in the company's treasury, having been purchased in the market in 1900. They are secured by the deposit of the shares of the Pennsylvania Manufacturing Light & Power Co. and of the National Electric Co., acquired by this company. Each share of Pennsylvania Manufacturing Co. stock deposited received $35 in the trust certificates and each share of National Electric received $13 in certificates.

The Edison collateral trust certificates were issued in 1896 by the Pennsylvania Heat, Light & Power Co., and are secured by the deposit of the stock of the Edison Electric Light Co. of Philadelphia, acquired by the Pennsylvania Heat, Light & Power Co. The Edison company had $2,000,000 stock, and $50 cash and $100 in trust certificates was offered for each $100 share. Nearly all the Edison stockholders accepted these terms.

The Pennsylvania Manufacturing collateral trust certificates, created in 1898, are secured by a deposit of stock of the Pennsylvania Heat, Light & Power Co. and other stocks. The Pennsylvania Heat, Light& Power Co. had $5,000,000 full-paid common stock, par $50, and $5,000,000 6 per cent., cumulative, preferred stock, par $50, on which $35 per share had been paid. The Pennsylvania Manufacturing Light & Power Co. acquired control by exchanging the collateral trust certificates for Pennsylvania Heat, Light & Power stock at the rate of $66 per share for the preferred and $24 per share for the common.

PHILADELPHIA RAPID TRANSIT CO.

A corporation formed under the laws of Pennsylvania, May 1, 1902. The company acquired by lease the Union Traction Railway system, comprising the lines of the Philadelphia Traction Co., the Electric Traction Co. and the Peoples' Traction Co. See statement of the Union Traction Co. It also acquired the capital stock and franchises of various companies, a list being given in the MANUAL for 1909.

A number of companies originally acquired have been consolidated with the Market Street Elevated Passenger Railway Co. Additional companies were formed in the interest of this company to build new lines of about 119 miles. The company owns the Doylestown & Willow Grove Railway Co., the Philadelphia & Willow Grove Railway Co. and the Real Estate Holding Co. It leases the Darby, Media & Chester Railway, 25 miles. In 1911 the company completed the Snyder Avenue Street Railway, which it owns.

The company owned a subway and elevated railway in Market street, Philadelphia. The subway extends from Second street to Twenty-third street, and the elevated structure from Twenty-third street over the Schuylkill River to Sixty-ninth street, also elevated structure on Delaware avenue from Market street to South street.

On July, 1907, an agreement authorized by an ordinance of the City Council was made between the company and the City of Philadelphia providing for a readjustment of the relations between the City and company. The plan conferred upon the City the right to purchase after June 30, 1957, all leases, franchises and property of the company at the company's actually paid-in capital, with the right to assign or sell this option. A sinking fund was to be established, to be taken out of the gross receipts of the company, which, calculated at 4 per cent., would amount to at least $30,000,000 at the expiration of 50 years, to enable the City to acquire the property at that time. Beginning January 1, 1907, the City was to share equally in the net profits after stockholders had received 6 per cent. per annum, cumulative from January 1, 1907, on the capital actually invested by them. All franchises for further surface, elevated or underground railroads within the City are to be first offered the Philadelphia Rapid Transit Co. The City was also to have three members on the board of directors. The present rate of fare is not to be changed except with the consent of both parties. The agreement also provided for a fixed payment to the City in lieu of the license fee per car.

In 1910, negotiations were undertaken for a comprehensive financing of the company's capital requirements and those of its lessee, the Union Traction Co. of Philadelphia, and a plan to that end was presented by Edward T. Stotesbury, Philadelphia (who it provided should become

managing director), and submitted for ratification by the stockholders on February 28, 1911. The plan provided that a controlling interest in the stock shall be deposited in a voting trust for five years. The further provisions included the assignment to the Union Traction Co. of the Market Street Elevated Passenger Railway Co. and the other companies owned by this company the same to be treated as part of the property leased by this company from the Union Traction Co. The last named company was to guarantee an issue of $10,000,000, 5 per cent. bonds of the company, and pledge its equity in the Market Street Elevated Passenger Railway Co. as additional security for same. This plan was ratified by the stockholders and carried into effect in 1911.

Stock.....Par $50.....Authorized, $30,000,000 .....Issued, $30,000,000

The stock is now full paid. It was, when originally issued, $5 per share paid. In May 1903, a call was made for a second instalment of $5, payable on or before July 6, 1903. The call was made to provide funds for the construction of the Market Street subway and other improvements. In December, 1903, a call was made for a third instalment of $5 per share payable January 20, 1904. The fourth instalment of $5 per share was payable January 20, 1905, the fifth of $5, July 10, 1906, the sixth, of $5, December 10, 1906, stock $30 per share, or 60 per cent. paid in.

In February, 1907, a plan was ratified whereby the balance due on the stock should be called and paid in at the rate of $5 per share every six months and the money applied to improvements and extensions. A payment of $5 was called for in March, 1907, making the stock $35 per share paid, and two further final payments of $7.50 each were called for September 9, 1907, and September 8, 1908, respectively, completing full payment.

Under the financial plan of 1910 (see above) a majority of the company's stock was deposited in a voting trust for five years, the trustees being Rudulph Ellis, A. E. Newbold and George H. McFadden. Depositary, Fidelity Trust Co., Philadelphia.

THE PILLSBURY-WASHBURN FLOUR MILLS CO., LIMITED

A corporation formed in 1889 under the laws of Great Britain, Companies Acts, 1862–1889. The company owns five of the largest flour mills in the world at Minneapolis, Minn., with an aggregate capacity of 30,000 barrels per day. It owns, in addition, the water power on both sides of the Mississippi River at Minneapolis, with two dams of 45 feet and 20 feet head, respectively. The former furnishes power for the company's mills and other mills located in the city, and the other supplies the street railways of Minneapolis and St. Paul with about 10,000 horse-power for generating electricity. A lease of the dam has been made to the Minneapolis General Electric Co. The company owns the entire capital stock of the Minneapolis & Northern Elevator Co. In 1908, Receivers were appointed. A creditors' committee, Chairman, Gilbert G. Thorne, New York, submitted on January, 1909, a plan of reorganization. It provided for an operating company—the Pillsbury Flour Mills Co.—with $2,000,000 cash capital to lease the plants for 20 years, paying the old indebtedness and a rental of $100,000 per annum, with one-half the yearly profits above $150,000. This plan was carried out and the Receiver discharged in September, 1909.

PITTSBURG COAL CO.

A corporation formed under the laws of New Jersey, September 1, 1899. The company acquired the mines and property of a number of the large producers and shippers by rail of steam and gas coal in the Pittsburgh district. A list of the properties included in the company was given in the MANUAL for 1901.

Since its organization the company has purchased undeveloped coal lands adjoining its various properties, making its holdings over 160,000 acres owned, with 150 operated mines.

The properties acquired and taken over comprised over 80,000 acres of coal land and over 7,000 acres of surface land in Allegheny, Fayette, Washington and Westmoreland Counties, Pa. It also has docks and loading plants on the lakes at Chicago, Cleveland, Duluth, Milwaukee, Sheboygan, Green Bay, Ashland, Manitowoc and West Superior, Wis.; Sault Ste. Marie and Escanaba, Mich.; Ashtabula, Fairport, Thornburg O., Amherstburg, Ont., Sandwich, Ont., and Port Arthur, Ont. It also acquired about eleven miles of railroad at the mines, and the Northwestern Coal Railway, Allouez Bay, Wis. In 1910, purchased the Shaw Coal Co., which has been leased. The company owns 17 locomotives and 5,500 railroad cars.

In January, 1902, the company purchased the New Pittsburg Coal Co. and the Greendale Coal Co., and leased the Shaw Coal Co.'s property for forty years. In 1902, purchased the Pittsburg & Castle Shannon Railroad and mines and acquired an interest in the Milwaukee Western Fuel Co. In January, 1903, the Midland Coal Co. was acquired, together with the National Dock & Fuel Co. of Cleveland, and control of the Colonial Coke Co. In October, 1903, the Mansfield Coal & Coke Co. was acquired.

In September, 1903, this company obtained a controlling interest in the stocks of the Monongahela River Consolidated Coal & Coke Co., paying for the same $15 per share for the latter's common stock, par $50, and $45 for its preferred. This company acquired $15,000,000 of the Monongahela River Co.'s $20,000,000 of common, and $2,500,000 of its $10,000,000 of preferred stock. In 1911 a proposition was submitted for the purchase of the Monongahela River Consolidated minority stock, this company offering 80 per cent. in new 5 per cent. debentures for the preferred and exchanging its own common for the Monongahela company's common share for share.

In November, 1904, this company leased the coal mines of the Pittsburg Terminal Railroad & Coal Co.

In September, 1911, this company sold to the H. C. Frick Coke Co., a subsidiary of the United States Steel Corporation, about 7,000 acres of coal land, receiving $7,690,000 in 5 per

cent. bonds of the Frick Co. guaranteed by the United States Steel Corporation. It was stated that the bonds would be used to retire certain of this company's funded debt.

Dividends on the common stock are paid quarterly, December 31, April 1, July 1, October 1. In 1899, 4 per cent. was paid on the common, and in 1900 to January, 1906, inclusive, 6 per cent. The April, 1907, dividend was increased to 1¾ per cent., which has since been the regular quarterly rate, in March (31), June, September and December.

The capital of this company was originally $2,750,000. In 1895 the stock was increased to $10,000,000 and $2,500,000 of debenture bonds were issued, which latter were paid off in 1900. The purpose of the latter and of the increase of $7,250,000 in the stock was the acquisition by purchase of additional properties. In 1901, an increase of $2,500,000 was made in the common stock for extensions and improvements. In February, 1906, the common was increased from $12,500,000 to $17,500,000, and stockholders were given the right to subscribe for the $5,000,000 of new stock. The common was further increased in August, 1910, and stockholders of record August 17, 1910, were offered the right to subscribe at par for 30 per cent. of new stock, or $5,250,000.

The preferred stock is 7 per cent., non-cumulative, and has a priority as to the distribution of assets in case of a dissolution. Transfer Agent, Guaranty Trust Co., New York. Registrar, Central Trust Co., New York.

The company began paying regular quarterly dividends of 1¾ per cent. on the preferred stock in May, 1899, and has since paid the same regularly in February (25), May, August and November.

The initial dividend on the common stock was 6 per cent. out of the surplus earnings of 1899, being paid 1½ per cent. each in February (25), May, August and November, 1900. In 1901, the quarterly dividends on the common were reduced to 1 per cent., or 4 per cent. for the year. In 1902, 4 per cent. was again paid on the common, but in January, 1903, the directors declared an extra dividend of 1 per cent. on the common out of the profits of 1902, to be paid in four quarterly instalments, in addition to the regular 1 per cent. quarterly dividends. This put the common on a 5 per cent. dividend basis during 1903. In 1904, the quarterly dividends on the common were 1 per cent. each in February, May and August, but the November, 1904, dividend was passed and none have been paid since.

The perpetual interest certificates are $20,200,000, authorized, and were issued in exchange for the stocks of certain controlled companies on the terms stated below. They are secured by the deposit in trust of all the stocks purchased. Interest is paid at the Fidelity Trust Co., Newark, N. J. The terms as to interest were that certificate holders should receive for the first year, 2 per cent.; second year, 2 per cent.; third year, 2½ per cent.; fourth year, 3 per cent.; fifth year, 3½ per cent.; sixth year, 4 per cent.; seventh year, 4½ per cent.; eighth year, 5 per cent.; ninth year, 5½ per cent.; tenth year and after, 6 per cent. Current payments are May 1, 1912, 2¾ per cent; November 1, 1912, 3 per cent. and thereafter 3 per cent. semi-annually.

See MANUAL for 1909 regarding the terms on which stocks of the controlled companies were exchanged for the certificates.

The general 5 per cent. mortgage was authorized in 1909, and is for $50,000,000. They can be redeemed at 105 and interest on any interest day beginning October 1, 1919. From August 1, 1913, there is a sinking fund of $209,500 per annum, the bonds to be drawn. Trustee and Agent for payment of interest, Fidelity Trust Co., Newark. Interest is also payable in New York.

Leases were made by this corporation for 900 years, from June 1, 1903, of the properties of the companies named in the following table. The outstanding stock of each company is given, together with the dividends as rental guaranteed thereon by the Public Service Corporation in successive years. Dividends guaranteed under the leases are payable semi-annually in June and December.

	Amounts of Stocks	Dividends in years, ending June 30, per cent.

RAILWAYS COMPANY GENERAL

A corporation formed under the laws of New Jersey, August 25, 1899. The company was organized to operate street railway, gas, electric light and water plants. It acquired control of the Lewisburg, Milton & Watsontown Passenger Railway Co., Montoursville Passenger Railway Co. and Montoursville Electric Light Co.

The company was interested in the Elmira & Seneca Lake Railway Co., and in the Michigan Traction Co., but in 1905 sold its holdings in those companies.

In January, 1908, the company had stocks of subsidiary companies and other securities, amounting to $987,500 par value, but in January, 1910, it was stated that it had disposed of all the securities theretofore owned except its Michigan Traction Extension 5 per cent. bonds. It was stated that the proceeds of above sales had been reinvested, but no specific statement has been made.

Stock.....Par $10.....Authorized, $700,000.....Issued, $700,000

The initial dividend was 10 per cent., paid in September, 1909. In 1910 and 1911, paid 1 per cent. each in February, May, August and November. An extra dividend of 5 per cent. was paid December 2, 1910, and another of 5 per cent. July 1, 1911. In February, 1912, 1 per cent. was paid.

Transfer Agent and Registrar, Independence Trust Co. of Philadelphia.

The stock was $5 par and $10,000,000 authorized. In October, 1901, the amount authorized was reduced to $1,200,000, par $10, and the $1,500,000 outstanding was reduced to $1,200,000. In September, 1905, the amount was again reduced to $900,000, and in 1906, to $700,000. A further reduction to $500,000 was sanctioned by the stockholders in 1908.

On December 31, 1910, the company reported securities of other companies as $652,715, and loans receivable as $463,486, together with $83,234 cash.

This company owns $465,000 of the Michigan Traction Extension 1st mortgage 5 per cent. bonds which are guaranteed, principal and interest, by the Michigan Traction Co., which leases the road. The mortgage is for $500,000. Trustee and agent for payment of interest, Knickerbocker Trust Co., New York.

See MANUAL for 1909 in regard to securities of the companies formerly controlled by this organization.

STANDARD OIL CO.

A corporation formed under the laws of New Jersey in 1882. In June, 1899, the company increased its stock from $10,000,000 to $100,000,000 common and $10,000,000 preferred for the purpose of purchasing the stocks of various companies.

The property of the company consisted of oil refineries, pipe lines, interests in the stock of corporations in various States and, in short, the organization controlling the production, manufacture and distribution of a large part of the output of American petroleum and its products.

Suit having been brought against the company and its subsidiary company by the United States Government, the United States Supreme Court on May 15, 1911, decided that the company violated the provisions of the Anti-Trust Act, and ordered it to relinquish its subsidiary concerns. A plan to that end was ratified in July, 1911, under the terms of which stockholders of this company of record September 1, 1911, received pro rata amounts of the stock of 34 subsidiary companies, the distribution of these holdings being made December 1, 1911. See below for particulars of the distribution. The Standard Oil Co. (of New Jersey) retains its refineries and other plants at Bayonne, N. J., and elsewhere, together with its export business, etc., and its stock remains intact.

Under the plan of distribution the stockholders of this company received upon each one share of its stock the following amounts of the stocks of thirty-four other companies expressed in fractions of one share of such stock:

TEMPLE IRON CO.

A corporation formed under the laws of Pennsylvania in 1873. The company for a number of years operated an iron furnace at Reading, Pa. In March, 1899, it acquired certain anthracite coal mines near Scranton, Pa., producing about 2,000,000 tons of coal per annum, the property being estimated to contain 45,000,000 tons of unmined coal. The company's charter permits it to manufacture iron and steel, mine coal and develop the material interests of Pennsylvania. The company is controlled in the interest of the Reading; The Central of New Jersey; Lehigh Valley; New York, Susquehanna & Western; Delaware, Lackawanna & Western, and Erie Railroad Co's. In December, 1910, the United States Circuit Court of Appeals decided against the right of the said companies to control this company, and they were enjoined from doing so or voting this company's shares. The case has been appealed to the United States Supreme Court.

Stock.....Par $100.....Authorized, $5,000,000.....Issued, $2,500,000

The stock of the company was originally $240,000, and was increased to $5,000,000 authorized in 1899. Dividends of 6 per cent. per annum are guaranteed on the stock by the railroad companies named above, and were paid semi-annually, 3 per cent. each in January and July, but owing to the litigation, payments since July, 1910, have been suspended. The stock was originally held in trust by the Guaranty Trust Co., New York, which issued its certificates of a beneficial interest in the same, but in 1906 it was distributed among the holders of the certificates.

THIRD AVENUE RAILWAY CO.

A corporation formed under the laws of New York, April 20, 1910. The company took over the property of the Third Avenue Railroad Co., which had been sold under foreclosure, the present company having been chartered in connection with the plan of reorganization described below.

Road owned, 28.95 miles of track, controlled and operated; Dry Dock, East Broadway and Battery Railway, 21.42 miles; Forty-Second Street, Manhattanville & St. Nicholas Avenue Railway Co., 21.78 miles; Union Railway Co., 90.94 miles; Westchester Electric Railway, 40.4 miles; Yonkers Railroad Co., 38.42 miles; Southern Boulevard Railroad, 7.87 miles; Bronx Traction Co., 19.02 miles; total of system, 275.59 miles. The present company assumed possession at midnight December 31, 1911. The Receiver of the old Company in 1909 obtained authority to build in conjunction with the Union Railway Co. a line to the Zoological Garden in Bronx Park. In 1910, arrangements were also made to extend the company's lines over Queensboro Bridge to Long Island City.

The Third Avenue Railroad Co. was incorporated in New York, October 8, 1853. In March, 1900, control was acquired by the Metropolitan Street Railway Co., and on April 13, 1900, the road was leased to that company for 999 years. On January 6, 1908, the property was placed in the hands of a Receiver, the January, 1908, interest on the consolidated mortgage bonds having been defaulted. Receiverships were subsequently ordered for certain of the subsidiary companies of the system. It was understood that the Metropolitan Street Railway Co. disposed of its interests in Third Avenue Railroad stock in 1909.

The capitalization of the old Third Avenue Railroad Co. consisted of $15,995,800 stock, $5,000,000 1st mortgage 5 per cent. bonds and $37,560,000 consolidated mortgage 4 per cent. bonds due January, 2000, January and July. A committee to represent the 4 per cent. consolidated mortgage bonds was formed: Chairman, James N. Wallace, New York. Depositary Central Trust Co., New York. Suit to foreclose the consolidated mortgage was instituted and the property of the company was sold on March 1, 1910, and purchased for the bondholders' committee for $26,000,000. See below in regard to plan of reorganization formulated by the committee, and carried into effect in December, 1911, the New York Court of Appeals having overruled the objections of the Public Service Commission to the plan.

Transfer Agent, Central Trust Co., New York. Registrar, United States Mortgage & Trust Co., New York.

Dividends were paid for many years on the stock of the old Third Avenue Railroad Co. The last dividend paid on the old stock prior to the lease to the Metropolitan Street Railway Co. was 1¾ per cent. quarterly in November, 1899. The first dividend under the lease was 1¼ per cent. paid July 30, 1904, and same rate was paid quarterly until October 31, 1907, inclusive, when the payments were suspended by the Receiver of the Metropolitan.

Total	$43,326,000

The January, 1908, coupons on the Third Avenue Railroad 1st mortgage bonds were not at maturity, but were taken up and the subsequent coupons were paid by the Receiver. se bonds were not disturbed by the reorganization plan.

The Third Avenue Railway 1st refunding mortgage is for $40,000,000 authorized, the bal- of the issue being reserved to retire the bonds of other roads of the system and to provide mprovements, etc.

The Third Avenue Railway adjustment bonds are $22,536,000 authorized, and are entitled o to 5 per cent. interest per annum, if earned. They have voting power until full interest, ıding accumulations, has been paid for five years.

The consolidated bondholders committee under date of December, 2, 1909, submitted a plan eorganization for the old company which proposed the creation of the new company with 590,000 capital stock and the first refunding 50-year 4 per cent. bonds and adjustment mort- 5 per cent. income bonds described above. The plan left the $5,000,000 of old 1st mortgage r cent. bonds undisturbed.

The provisions of the reorganization plan in respect to the exchange of the old securities for e of the new company were as follows:

	Paid Assessment	Received: 1st Refunding 4s	Received: Adjustment 5s	Received: New Stock
d Ave. Railroad stock.....	45 per cent.	40 per cent.	.....	45 per cent.
solidated 4s.....	.....	25 " "	60 per cent.	25 " "

The "stamped" consolidated mortgage bonds represented the advance to holders of such ls of the amount of the January, 1908, coupon by Kuhn, Loeb & Co., New York. The ısment of 45 per cent. on the old stock was underwritten by the Central Trust Co., New c. It provided $7,200,0-0 cash for the retirement of the Receiver's certificates and the pur- s of the reorganization. The assessment was made payable on deposit of the old stock or on deposit thereof, December 15, 1911, $15 January 15, 1912, and $15 February 15, 1912.

THE UNDERGROUND ELECTRIC RAILWAYS CO. OF LONDON, LIMITED

A corporation formed under the laws of Great Britain, April 9, 1902. The company controls an extensive system of traction lines in London and its vicinity, consisting of both underground and surface roads. It holds a controlling interest in the common stock of the Metropolitan District Railway Co., the original London underground line, and has installed electric traction on the same. Through ownership of their stocks it controls the London United Tramways Co., which has an extensive system of surface lines connecting with the Metropolitan District Railway system at Hammersmith, and the Baker Street & Waterloo Railway Co., the Great Northern, Piccadilly & Brompton Railway Co. and the Charing Cross, Euston & Hampstead Railway Co. The three latter are deep level underground or tube roads and were amalgamated in 1910 into one company, under the title of The London Electric Railway Co. The Edgware & Hampstead Railway Co. is controlled. The total length of the underground lines leased or controlled is 50½ miles. The London United Tramways (surface line), 51½ miles, is also controlled. In January, 1912, a fusion of the London General Omnibus Co. with this company was proposed and accepted by 90 per cent. of the holders of that company's stock.

A committee to readjust the company's finances was formed in January, 1908, under the auspices of Speyer & Co., New York, and Speyer Brothers, London. This committee submitted a plan dated April 14, 1908, and the company was reorganized thereunder.

Stock.....Par £10 .....Authorized, £5,000,000.....Issued, £5,000,000

Up to January, 1907, there had been paid in on the authorized and subscribed stock 75 per cent., and on January 30 a call was issued for payment of the remaining 25 per cent., and the stock is now full paid, there being on December 31, 1911, £111,477 due on calls in course of collection.

Under the plan for the merger of the London General Omnibus Co. it is proposed to create an issue of 1st cumulative 6 per cent. income debenture stock ordinary A shares.

Stock is transferred and registered by the Secretary of the company, London, Eng.

Income bonds, 6 per cent., due Jan., 1948	4,928,050
Total	£6,658,050

Under the readjustment plan the £7,000,000 of the company's profit-sharing notes were exchanged for 40 per cent. in new 4½ per cent. bonds, and 70 per cent. in income bonds. The company had £1,000,000 of 5 per cent. prior lien bonds due 1920 which were called for redemption on September 1, 1911.

There is outstanding £2,250,000 of joint power-house rent 4 per cent. stock of the Metropolitan District Railway Co. and London Electric Railway Co. issued in 1911. With the proceeds of this issue the parent company retired its £1,000,000 of power-house 4 per cent. debentures and £1,088,700 of the 4½ per cent. bonds. The latter amount was called for redemption January 15, 1912.

The income bonds may be drawn at par on six months' notice; they have the same voting power as 11 shares of stock for each £100 of stock. On September 1, 1910, and on March 1, 1911, ½ per cent., or 1 per cent. per annum was paid on the income bonds. In September, 1911 paid ¾ per cent. and in March, 1912, 1 per cent.

THE UNION SWITCH AND SIGNAL CO.

A corporation formed under the laws of Pennsylvania in 1882. The company has its works at Swissvale, near Pittsburgh, Pa., and manufactures interlocking and signal appliances for railroads. In 1898 the company purchased the entire capital stock ($375,000) of the National Switch & Signal Co., which had large works at Easton, Pa.

Stock...Par $50....Authorized { com., $4,500,000 / pref., 500,000 } Issued { com., $4,000,000 / pref., 500,000 } $4,500,00...

The preferred stock is entitled to 6 per cent. dividends and ½ per cent. additional in every 1 per cent. paid on the common, until both classes of stock receive 12 per cent., above which they share equally.

In June, 1903, the common stock, par $50, was increased from $1,000,000 authorized to $2,000,000. In December, 1910, the authorized common was increased to $4,500,000, and $1,500,000 of the new stock distributed as a 60 per cent. stock dividend, the stockholders having offered rights to subscribe for $500,000 common at $75 per share. Of the unissued common $100,000 is reserved for subscription by the company's employees.

Transfer Agent, Union Trust Co., Pittsburgh. Registrar, Fidelity Title & Trust Co., Pittsburgh.

The company paid 6 per cent. per annum on its preferred stock, but in April, 1900, the quarterly rate was increased to 2 per cent., or 8 per cent. per annum, and the preferred dividends were paid at that rate quarterly, in January (10), April, July and October, until April, 1903, when the rate was increased to 2½ per cent., or 10 per cent. per annum. The January, 1907, dividend was, however, 3 per cent., placing the preferred on a 12 per cent. basis. The first dividend on the common was 1 per cent. in April, 1900, and quarterly dividends at that rate were regularly paid on the common in January (10), April, July and October, until April, 1903, when the quarterly rate was increased to 2 per cent., or 8 per cent. per annum. The dividend paid on January 10, 1907, was again increased to 3 per cent., making the annual rate on the common 12 per cent., which has since been the regular rate.

UNITED RAILWAYS CO. OF ST. LOUIS

A corporation formed under the laws of Missouri, March 11, 1898. The company succeeds the Central Traction Co. and in 1899 acquired control of the street railway organizations in St. Louis, except the St. Louis & Suburban, and changed its name to the above style.

The companies acquired were the Lindell Railway Co., Missouri Railroad Co., Natural Railway Co., Union Depot Railroad Co., People's Railway Co. and Southern Electric Railway Co., with their auxiliaries. In October, 1906, control of the St. Louis Suburban Railway Co. was acquired. The total mileage is 461.07 miles.

In 1899, a lease of the property was made to another organization, the St. Louis Transit Co. but in 1904 the lease was cancelled and the roads were returned to this company, the St. Louis Transit Co. being absorbed. The North American Co. is largely interested in this company.

UNITED SHOE MACHINERY CORPORATION

A corporation formed under the laws of New Jersey, May 2, 1905, in pursuance of the plan for a reorganization of the company of the same name. The latter was a combination of seven large concerns engaged in the manufacture of shoe machinery.

Auxiliary companies have been formed in Canada, Great Britain, France and Germany, known respectively as the United Shoe Machinery Co. of Canada, the British United Shoe Machinery Co., Limited, the United Shoe Machinery Co. de France, and the Deutsche Vereinigte Schuhmaschinen Gesellschaft, g. m. b. h. A branch office of the company is established in Australia.

In December, 1911, the United States Government commenced a suit against this company in the United States Court in Massachusetts, asking for its dissolution on the ground of violating the Anti-Trust Law. In September, 1911, proceedings had been commenced by the Government against certain officers and directors of the company.

The preferred stock is 6 per cent., cumulative. In the event of a dissolution it is entitled to $35 cash per share and all accrued dividends. Transfer Agent, American Trust Co., Boston. Registrar, Old Colony Trust Co., Boston.

The old company had outstanding $10,720,850 of common and $9,937,000 of 6 per cent. cumulative preferred stock. Under the plan of reorganization the old preferred was exchanged at par for new preferred, receiving also 1½ per cent. cash, and the old common was exchanged for 150 per cent. in new common and 3 per cent. cash.

In November, 1906, common stockholders were given the right to subscribe at par for $1,628,400 new common with which to provide for improvements. In July, 1907, $4,464,500 additional common stock was issued as a stock dividend of 25 per cent. on the common stock. In April, 1909, $2,239,575 common was issued as a stock dividend of 10 per cent. on the common stock. In 1910, $1,500,000 common stock was issued in connection with acquisition of the Thomas G. Plant Co.

The old company paid regular dividends at the rate of 6 per cent. per annum on the preferred and 8 per cent. on the common.

The first dividend on the new preferred was 1¾ quarterly, October 15, 1905, and similar dividends have since been paid quarterly in January (15), April, July and October. The first dividend on the new common was 2 per cent. quarterly, paid October 15, 1905, and similar quarterly dividends at 8 per cent. per annum have since been paid, the dividend periods being the same as those for the preferred stock. On July 15, 1907, the common received a 25 per cent. stock dividend. In April, 1909, the common received an extra dividend of 2 per cent. and a dividend of 10 per cent. in common stock. In July, 1910, paid 4 per cent. extra, and 10 per cent. in stock.

UNITED STATES CAST IRON PIPE & FOUNDRY CO.

A corporation formed under the laws of New Jersey, March 13, 1899. The purpose of the organization was to unite the concerns which control the larger part of the cast iron pipe production of the United States.

This company owns some ten plants. The concerns included in this company have a capacity of 450,000 tons per annum out of a total estimated yearly production of 600,000 tons of iron pipe in the United States.

Stock..Par $100..Authorized { com., $15,000,000 ; pref., 15,000,000 } Issued { com., $12,500,000 ; pref., 12,500,000 } $25,000,000

The preferred stock is 7 per cent., non-cumulative. An amount of $347,555 of stock remains in the treasury of the company.

Transfer Agent, Knickerbocker Trust Co., New York. Registrar, Central Trust Co., New York.

The outstanding bonds of the American Pipe & Foundry Co., one of the constituent concerns are $888,000, 6 per cent., due 1928. They mature in 1928, interest January and July, and are provided for by an annual sinking fund for their retirement.

The company began the payment of regular quarterly dividends on the preferred stock with a payment of 1¾ per cent. December 1, 1899, and paid similar dividends in March and June, 1900, but the September, 1900, dividend was passed and none was paid until March 1, 1902, when 1 per cent. was paid on the preferred stock, the same rate on the preferred being paid quarterly, in March, June, September and December, until June, 1904, inclusive. In September, 1904, and December, 1904 the dividends were 1¼ per cent. each, but the March 1, 1905, dividend was increased to 1¾ per cent., placing the preferred upon a 7 per cent. dividend basis, and the subsequent dividends were at that rate, but the September, 1908, dividend, of 1¾ per cent., which was declared out of reserve for working capital, was delayed by litigation and was finally paid in July, 1909. In 1909, also paid 1¾ per cent. in September, and 1¾ per cent. in December. In 1910, paid 1¾ per cent. in March and June and 1¼ per cent. in September and December, making 6 per cent. for the year. In 1911, paid 1¼ per cent. each in March and June, but the September, 1911, dividend was passed. The first dividend on the common stock was 1 per cent., paid December 1, 1905, after which time quarterly dividends of 1 per cent. each, or at the rate of 4 per cent. per annum, were in March (1), June, September and December. The March, 1908 dividend was, however, passed and none have since been paid.

The company had $4,000,000 of common and $1,000,000 8 per cent., cumulative, preferred stock, on which seven years' unpaid dividends had accumulated, but in September, 1903, the capital was reduced from $5,000,000 to $3,200,000 by the retirement of the entire preferred stock and $800,000 of the common stock.

An agreement was entered into between the company and holders of the old preferred stock whereby the latter exchanged their holdings for 1st mortgage 5 per cent. bonds at the rate of $[illegible] of bonds for each share of preferred stock.

Following the retirement of the preferred stock in exchange for 1st mortgage 5 per cent. bonds, the company, in February, 1904, declared a dividend of 1 per cent. on its capital stock, payable April 10, 1904. The last previous dividend on the common stock was 3 per cent. in 1892, after which dividends on the common were suspended. It paid 1 per cent. in April, 1904; 1 per cent. in October, 1904; 1 per cent. January 16, 1905; 1 per cent. May 1, 1905; 1 per cent. September 15, 1905, and 1 per cent., December 20, 1905. In 1906 paid 1 per cent. in June and 1 per cent. in October. In 1907, 1 per cent. was paid, in January, April, July and October. The same rate was paid in January, 1908; but none were paid subsequently until December 31, 1909, when there was a quarterly dividend of 1 per cent., at which rate the quarterly dividends were paid until April, 1911, inclusive, since which time no further dividends have been paid.

UNITED STATES RUBBER CO.

A corporation formed under the laws of New Jersey in April, 1892. Its object is the manufacture of rubber goods, principally boots and shoes. The property of the following companies was acquired by the company:

American Rubber Co., Boston.
The Joseph Banigan Rubber Co., Providence.
Boston Rubber Co., Boston.
Boston Rubber Shoe Co., Boston.
L. Candee & Co., New Haven, Conn.
Colchester Rubber Co., Colchester, Conn.
Goodyear's Metallic Rubber Shoe Co., Naugatuck, Conn.
Goodyear's India Rubber Glove Manufacturing Co., Naugatuck, Conn.
Lycoming Rubber Co., Williamsport, Pa.
Marvel Rubber Co., Woonsocket, R. I.
Meyer Rubber Co., New Brunswick, N. J.
National India Rubber Co., Bristol, R. I.
New Brunswick Rubber Co., New Brunswick, N. J.
New Jersey Rubber Shoe Co., New Brunswick, N. J.
Para Rubber Shoe Co., Boston.
Woonsocket Rubber Co., Woonsocket, R. I.

In May, 1905, this company purchased a large majority of the stocks of the Rubber Goods Manufacturing Co. See below, and also statement of the latter company. In 1910, acquired the Revere Rubber Co. In 1909, acquired an interest in the Canadian Consolidated Rubber Co.

The General Rubber Co., formed in 1905, to deal in crude rubbers, and which has a capital of $5,000,000, is jointly controlled by this company and the Rubber Goods Manufacturing Co. The General Rubber Co. has acquired large holdings of rubber land in Sumatra.

In 1906, this company organized an English corporation, Wm. Symington & Co., Limited, with an authorized capital of $2,500,000, for the purpose of dealing in crude rubber.

Stock..Par $100...Authorized { com., $25,000,000; 1st pref., 40,000,000; 2d pref. 10,000,000 } Issued { com., $25,000,000; pref., 40,000,000; 2d pref., 10,000,000 } $75,000,000

The 1st preferred stock is 8 per cent., non-cumulative. The authorized amount was originally $25,000,000, but it was increased in May, 1905, to $40,000,000. The second preferred stock is 6 per cent., non-cumulative, and was created in 1905, in connection with the plan to acquire control of the Rubber Goods Manufacturing Co. Stock is transferred at the office of the company, New York. Registrar, Central Trust Co., New York.

The company from 1893 to 1900, inclusive, paid 8 per cent. per annum on its preferred (now first preferred) stock, except in 1897, when 6 per cent. was paid. In January, 1901, the quarterly dividend on the preferred was reduced from 2 to 1 per cent., and no further dividends were paid from that date until June, 1904, when dividends on the preferred were resumed with a payment of 1½ per cent., further dividends of 1½ per cent. each being paid on September 15, 1904. December 15, 1904, and March 15, 1905. In May, 1905, 2 per cent. and 1½ per cent. extra were paid, and in August and October, 1905, and January, 1906, 2 per cent. was paid, and

has since been the regular quarterly rate, paid in January (31), April, July and October on the 1st preferred.

The first dividend on the second preferred stock was 1½ per cent. quarterly, paid October 31, 1905, and similar quarterly dividends being 6 per cent. per annum have since been paid in January (31), April, July and October.

In March, 1895, 2½ per cent. was paid on the common stock, being the first dividend on the common. In December, 1896, 2 per cent. was declared on the common, payable February 15, 1897. In July, 1899, 1 per cent. was paid on the common. Dividends of 1 per cent. each were also paid on the common October, 1899, January, 1900, and April 30, 1900, but the July, 1900, dividend was passed and there were no further dividends on the common stock until the payment of 1 per cent. quarterly, October 31, 1911. On January 31 and April 30, 1912, 1 per cent. quarterly was also paid.

The arrangement under which this company acquired the greater part of the common and preferred stock of the Rubber Goods Manufacturing Co., as per plan of May 27, 1905, included the acceptance by the common stockholders of that company of 50 per cent. of the par value of their stock in second preferred stock of this company, and by the Rubber Goods preferred shareholders of an equal amount of the first preferred stock of this company. For this purpose there has been issued $7,937,500 of this company's 1st preferred and $9,965,000 of its 2d preferred stock. In January, 1910, stockholders had the right to subscribe on February 1, 1910, for $3,561,400 1st preferred stock at 110.

UNITED STATES SMELTING, REFINING & MINING CO.

A corporation formed under the laws of Maine, January 9, 1906. The company was organized in pursuance of a plan for the financial reorganization of the United States Mining Co. The company acquired the Jordan and Telegraph mines at Bingham, Utah, the Consolidated Eureka Mining Co. of Tintic, Utah, and the Mammoth Copper Mining Co., of Shasta County, Cal., with an interest in other properties adjoining them, the whole tract being traversed by the Jordan, also known as the Highland Boy, and other veins, and contains gold, silver, copper and lead values. A 1,000-ton smelter was completed in November, 1902, and a 1,000-ton smelter was constructed in 1904 at West Jordan, near Salt Lake City, Utah.

In February, 1906, the company acquired the Real Del Monte mines at Pachuca, Mexico. It also acquired the Needles Mining & Smelting Co. and the Gold Road Mine Co., Arizona, and has an interest in the Richmond Eureka Mining Co.

See MANUAL for 1909 as to the plan of reorganization completed in 1906.

UNITED STATES STEEL CORPORATION

A corporation formed under the laws of New Jersey, February 25, 1901, the articles of incorporation having been amended April 1, 1901. The corporation was organized to acquire the stocks of companies engaged in the steel and allied industries.

On October 26, 1911, the United States Government filed a petition in the United States Circuit Court for New Jersey, against this corporation and a number of its subsidiaries, alleging that it violated the Anti-Trust Law of July 2, 1890, and asking that it be declared illegal and dissolved. The company has contested the suit, its answer having been filed February 1, 1912.

The organizations acquired by this corporation were as follows:

The Carnegie Co.	American Bridge Co.	Union Steel Co.
Federal Steel Co.	American Steel Hoop Co.	Troy Steel Products Co.
American Steel & Wire Co.	American Sheet Steel Co.	Clairton Steel Co.
National Tube Co.	Shelby Steel Tube Co.	Tennessee Coal, Iron & Railroad Co.
National Steel Co.	Lake Superior Consolidated Iron Mines.	
American Tin Plate Co.		

In 1911, the corporation acquired the property of the Risdon Iron & Locomotive Works, San Francisco, for warehousing purposes only.

ıl of the original constituent companies have been consolidated in order to economise ıntrate the operations of the corporation and other subsidiary companies have been
At the end of 1911 the operating companies comprised the following :

s Steel Co.	Edgar Zinc Co.
can Steel & Wire Co.	Minnesota Steel Co.
' Steel Tube Co.	United States Steel Products Co.

Inion Steel Co. and its controlled property the Sharon Steel Co. were acquired in 1902, roy Steel Products Co. was also acquired in the same year.
y, 1904, the Clairton Steel Co. was acquired from the Crucible Steel Co. of America.
6, a subsidiary company, the Universal Portland Cement Co., was formed, which took ment plants near Chicago which had been operated by the Illinois Steel Co. The new onstructed two additional plants at Buffington, Ind., and Universal, Pa.
Elgin, Joliet & Eastern Railway, the Pittsburg, Bessemer & Lake Erie Railroad, Iron Range Railroad, Duluth, Missabe & Northern Railway, Chicago, Lake Shore & ilway, and Birmingham Southern Railroad, with some short railroad lines, are owned ed by various constituent companies acquired by this company, the mileage of all December 31, 1911, being 977.78 miles with 737.47 miles of branches and spurs, and ent of the same comprised 1,193 locomotives and 46,334 cars.
ition to the manufacturing plants are Lake Superior and Southern iron mines, the pro- which in 1905 was 18,486,556 tons; in 1906, 20,645,148 tons; in 1907, 23,950,558 08, 16,602,715 tons of ore; in 1909, 23,431,097 tons; in 1910, 25,145,816 tons, and in 3,631 tons, the marine equipment operated in conjunction with the different properties of 81 steamers and numerous barges, etc. The coking interests comprise plants, which luced 13,295,075 tons of coke; in 1907, 13,544,164 tons; in 1908, 8,169,931 tons; in 1909, ons, in 1910, 13,649,578 tons, and in 1911, 12,120,212 tons. The coal interests comprise ıern division of the property 136,348 acres of coking coal, 94,153 acres of steam coal and hts to 24,374 acres, besides which the Tennessee Coal, Iron & Railroad Co. has 343,129 l lands. In 1911, a large additional coal property in the Pittsburgh district was acquired.
ation also owns water supply plants, natural gas properties, and ore docks on the lakes.
; it was decided to erect a new large modern steel plant in the Chicago district. To ıe Indiana Steel Co. was incorporated, which built the plant, the first units of which peration during 1909, and which was practically completed in 1911. The corporation ls the Gary Land Co., which owns the site of the City of Gary, Ind., where the plant ı tract of about 9,000 acres having been acquired with a large frontage on the shore of gan. The new plant includes blast furnaces, open-hearth steel furnaces, blooming ls, finishing mills and accessory works. Up to December 31, 1911, $78,258,508 had led for these purposes, including payments for real estate, of which $65,000,000 was om the corporation's surplus specially appropriated.
ber, 1906, arrangements were made to lease a large acreage of iron ore lands belonging : Northern Railway Co., title to which was held by the Lake Superior Co., Limited, a rganization of the Railway Co. The properties were leased to the Great Western , a corporation organized for the purpose and controlled by the United States Steel ı, which it was provided should guarantee the lease. Under the lease the lessee was n the property a minimum of 750,000 tons of ore in the year 1907 and the amount to all be increased by 750,000 tons each year until it reaches 8,250,000 tons. The annual) be thereafter that amount until the ore is exhausted, unless the lease is terminated 1, 1915, under an option reserved by the lessee. The royalty to be paid is $1.65 per ontaining 59 per cent. of metallic iron in the ore mined and shipped in 1907, but this to increase by 3 4-10 cents per ton each succeeding year, the royalty, however, to be diminished on a fixed scale as the ore may prove to be higher or lower in grade than 9 per cent. of metallic iron. Up to December 31, 1911, there had been mined and er this lease 7,832,137 tons of ore. In 1911, it was, however, decided to terminate the the provision referred to above, on January 1, 1915. On October 26, 1911, the Great ning Co. accordingly gave notice to that effect.
ember, 1907, the corporation acquired $30,374,825 par value of the common stock essee Coal, Iron & Railroad Co., being all but $220,160 of the amount thereof
In payment therefor the corporation delivered its 10-60 year sinking fund 5 per : the rate of $11,904.76 of said bonds for each $10,000 par value of the stock, the lue of the bonds issued or purchased in connection with this transaction being
See statement of the Tennessee Coal, Iron & Railroad Co.

In 1907 it was decided to erect an iron and steel plant of moderate size near Duluth, Minn. for which purpose a tract of about 1,580 acres was purchased, and in 1910, $1,715,517 was expended for construction work thereon. In 1911, $1,437,518 was likewise expended for this purpose.

The principal output of the several operated properties in 1908, 1909, 1910 and 1911 was as follows:

The preferred stock is 7 per cent., cumulative, with a preference for principal and dividends in case of a dissolution of the corporation. The charter provides that if in any year dividends amounting to 7 per cent. shall not have been paid on the preferred, the deficiency shall be payable before any dividends shall be payable on the common stock. Whenever all cumulative dividends on the preferred stock for previous years shall have been declared and become payable and the accrued quarterly instalments for the current year shall have been set aside from surplus net profits, the Board of Directors may declare dividends on the common stock out of any remaining surplus or profits. See below in regard to the retirement of a portion of the preferred stock from $510,314,100 issued and outstanding in 1902 to the present amount of $360,281,100. The stock may be increased from time to time at the discretion of the directors.

Stock is transferred at the offices of the corporation, 71 Broadway, New York, and 51 Newark street, Hoboken, N. J. Registrar of common stock, Guaranty Trust Co., New York. Registrar of preferred stock, New York Trust Co., New York.

Regular quarterly dividends on the preferred stock at the full rate of 7 per cent. per annum or 1¾ per cent. quarterly, have been paid, in February (28), May, August and November, since August, 1901, inclusive.

The first dividend on the common stock was 1 per cent. quarterly, paid September 14, 1901, and regular quarterly dividends at the same rate, or 4 per cent. per annum, were paid in March, June, September and December until September, 1903, inclusive, the December, 1903, dividend being reduced to ½ per cent., and the March, 1904, dividend was passed and no dividends were paid on the common stock until 1906, when 1 per cent. was paid on October 1, ½ per cent. for the quarter ending March 31, 1906, and ½ per cent. for the quarter ending June 30. On December 31, 1906, a quarterly dividend of ½ per cent. was paid and the same continued to be the regular quarterly rate until September, 1909, when ¾ per cent. was paid. In December, 1909, paid 1 per cent., and in March, 1910, 1 per cent. regular and ¾ per cent. extra. In June, 1910, paid 1¼ per cent., which has since been the regular quarterly rate, being 5 per cent. per annum.

VIRGINIA IRON, COAL & COKE CO.

A corporation formed under the laws of Virginia in February, 1899. The company is a consolidation under one ownership and management of various iron industries of Southwest Virginia. The properties included in the organization comprised ten modern blast furnaces having an aggregate productive capacity of 500,000 tons of pig iron per annum, and the lands and property of the different coal and coke companies which include 130,000 acres of coal lands and five coal mines in active operation, with coking and mining plants and the complete equipment and accessories of such enterprises. The company also acquired about 60,000 acres of iron ore lands and mines with large deposits of limestone.

In addition to the iron and coal properties the company formerly controlled the Virginia & Southwestern Railway, which connects its various plants owning $1,004,500 of the railway company's stock out of a total of $2,000,000, but in 1906 sold this stock to the Southern Railway Co.

The coal, ore and timber properties of the companies are in Washington, Smythe, Wythe, Pulaski, Wise, Dickinson, Russell, Carroll, Montgomery, Roanoke, Bedford and Augusta Counties, Va., and Johnson, Carter, Unicoi and Sullivan Counties, Tenn. In September, 1899,

the company acquired additional coal and ore properties in Wise County, Va., and Alleghany and Craig Counties, Tenn. Its total lands comprise upwards of 300,000 acres.

Receivers were appointed for the company in February, 1901, by the United States Circuit Court in Virginia. A readjustment was affected in 1902 and the property returned to its own organization.

VIRGINIA RAILWAY & POWER CO.

A corporation formed by special charter under the laws of Virginia, June 29, 1909, as successor to the Virginia Passenger & Power Co., which was sold under foreclosure in May, 1909, and reorganized. The latter included the properties of the Richmond Passenger & Power Co. and the Richmond Traction Co. On July 1, 1911, the Norfolk & Portsmouth Traction Co. was merged with this company. The Norfolk & Atlantic Terminal Co. had been previously consolidated with the Norfolk & Portsmouth Traction Co.

The company controls and operates 120 miles of electric railway track in and about Richmond, Va., and has water rights on the James and Appomattox rivers. It owns real estate in Richmond, Manchester and Petersburg, Va., including three park properties and several light and power plants. The properties acquired by the merger of the Norfolk & Portsmouth Traction Co. include 140 miles of electric railways in those cities, and the electric light facilities therein, together with the City Gas Co. of Norfolk, which is controlled by stock ownership. The Norfolk Railway & Light Co. is leased.

In 1904, default was made by the Virginia Passenger & Power Co., and July 16, 1904, Receivers were appointed by the United States Court. A decree of foreclosure was granted in October, 1908, but litigation caused delay and the plan of reorganization described below was not carried out until 1909.

The company's stock consisted of $7,500,000 common and $5,000,000 preferred, the stock issued being $7,500,000 common and $4,700,000 preferred. In connection with the merger the stock authorized was increased to the amounts given above, and the common and preferred stocks of the Norfolk & Portsmouth Traction Co. were exchanged for common and preferred

stock of this company on the basis of share for share for the preferred and 1¾ shares of Virginia Railway & Power common for 1 share of Norfolk & Portsmouth Traction common.

The preferred stock is 5 per cent., non-cumulative until January, 1914, and 6 per cent. cumulative thereafter. The initial dividend on the preferred was 1½ per cent. paid July 1, 1911. In January and July, 1911, and January, 1912, 2½ per cent. semi-annual was paid. The initial dividend on the common was 1 per cent., paid October 20, 1911. The second dividend, also 1 per cent., was paid April 20, 1912.

ESTINGHOUSE ELECTRIC & MANUFACTURING CO.

ation formed under the laws of Pennsylvania in 1872. The company manufactures atus and appliances for lighting and power plants, electric locomotives, motors for tric devices for heating, cooking and general domestic uses, arc, Tungsten and nt incandescent lamps. It has a plant at East Pittsburgh, Pa., and branches at ., Bridgeport, Conn., Bloomfield, N. J., and Newark, N. J.

In 1899, the British Westinghouse Electric & Manufacturing Co. was incorporat £1,000,000 preference 6 per cent. stock and £750,000 ordinary stock. The American compa acquired all the common stock as a consideration for the right to use its patents in Great Br and its dependencies, except in North America. The British company has a plant at Trafo Park, Manchester, England.

The company, in addition to its other foreign interests, has a large interest in the Soci Anonyme Westinghouse, a French corporation having a share capital of 20,000,000 francs, a which was organized jointly by this company and The Westinghouse Air Brake Co. to manu facture electrical and air-brake apparatus for France and other Continental European countr

In October, 1903, the Canadian Westinghouse Co., Limited, was organized. See statement of that company.

On October 23, 1907, Receivers were appointed, who were discharged December 5, 1908, the readjustment plan having been successfully carried out.

The readjustment of the company was effected by a committee representing the bank credito and merchandise creditors respectively. The plan originally submitted in April, 1908, was modified in October, 1908, when finally adopted by the Readjustment Committee. It provided that the merchandise creditors should accept new assenting (common) stock at par for their claims which amounted to $5,243,609. The holders of the bank claims, which were $7,920,000, were offered convertible bonds, 5 per cent. notes, due from four to six years, in the proportion of 5 per cent., 30 per cent. and 20 per cent., respectively, and assenting stock. The preferred and assenting (common) stockholders were asked to subscribe for 25 per cent. of new assenting stock at par to the extent of $6,000,000.

Stock..Par $50.....Authorized { com., $56,000,000 / pref., 4,000,000 } Issued { com., $36,694,587 / pref., 3,998,700 } $40,693,287

The preferred stock is 7 per cent., cumulative, and participates with the common in further division of profits when the latter has received 7 per cent. The common stock was designated "assenting stock" on account of the provisions regarding it, made when the company's capital was readjusted in 1891. In 1911 it was decided to change this description, and in November, 1911, holders of the assenting stock were invited to exchange their certificates for new ones identical in all respects except in being for common stock.

In March, 1906, the authorized common stock was increased from $21,000,000 to $40,000,000 to provide for the conversion of the convertible bonds and future requirements. In November, 1908, the authorized amount of the common stock was increased to $56,000,000 to provide for the term of the reorganization.

Transfer Agents, Union Trust Co., Pittsburgh; New England Trust Co., Boston; United States Mortgage & Trust Co., New York. Registrars, Fidelity Title & Trust Co., Pittsburgh; Bankers Trust Co., New York; Boston Safe Deposit & Trust Co., Boston.

The company paid 7 per cent. on its preferred stock since 1892, the dividends being 1¾ per cent. quarterly, in January, April, July and October. In May, 1903, the preferred dividend was increased to 2½ per cent., or 10 per cent. per annum, and subsequent dividends were on 2½ basis to 1907 inclusive. Dividends on the preferred were, however, suspended in 1908. In October, 1909, paid 1¾ per cent. regular and 3½ per cent. on account of accumulated dividends. In January, 1910, paid 1¾ per cent. In April, July and October, 1910 and January, 1911, paid regular quarterly dividends of 1¾ per cent. each. In September, 1910, declared payment of the 8¾ per cent. of back dividends on the preferred payable 3½ per cent. each October 15, 1910, and January 15, 1911, and 1¾ per cent. April 15, 1911. The subsequent dividends on the preferred have been 1¾ per cent. each at the regular periods to January 15, 1912, inclusive.

On the common stock the first dividend was 1¼ per cent. quarterly, February 20, 1901. The May 1, 1900, quarterly dividend on common was increased to 1½ per cent., and similar dividends were paid on the common to May, 1901, inclusive. The August, 1901, quarterly dividend on the common was increased to 1¾ per cent., which was the rate of the subsequent dividends until July, 1903, when the rate was increased to 2½ per cent., or 10 per cent. per annum, the dividend periods on the common being also changed to January, April, July and October. Subsequent dividends were at the same rate up to October, 1907, inclusive; none paid since.

The Walker Co. has $850,000 of 1st mortgage 6 per cent. bonds, due January, 1916, January and July, which, however, are not an obligation of the company but are guaranteed by it.

In August, 1898, the 5 per cent. debentures were authorized and issued. Beginning in 1900, $150,000 of the debentures are retired each year. Trustee and agent for the payment of interest, Bankers Trust Co., New York.

The convertible 5 per cent. bonds are $25,000,000 authorized and are exchangeable for common stock at 200 for the latter after January 1, 1910, at the holders' option and may be redeemed by the company on any interest date after January 1, 1912, at not more than 105 and interest. A sinking fund of $500,000 yearly began December 31, 1907. Trustee and agent for the payment of interest, Standard Trust Co., New York.

The 6 per cent. notes were issued in 1907 for three years and in 1910 were extended for three years. They can be called at par on any interest date with an allowance of interest at 2 per cent., for the unexpired portion of their term.

The ten-year 5 per cent. notes are payable in sterling and dollars, and are secured by debentures of the Russian, French and Canadian Westinghouse Co's. They could be called at 105 on any interest date, from October 1, 1908, to October 1, 1912, and after that at 102½. Trustee, Bankers Trust Co., New York.

THE WESTINGHOUSE MACHINE CO.

A corporation formed under the laws of Pennsylvania in 1881. The company owns large plants at East Pittsburg and Trafford City, Pa., and Attica, N. Y., and manufactures steam and gas engines, steam turbines, Westinghouse reduction gears, Leblanc condensers and Roney mechanical stokers. In 1906, the Nernst Lamp Co. was acquired.

On October 23, 1907, the company was placed in the hands of Receivers. A creditors committee was constituted in December, 1907, which proposed that the company should issue $7,200,000 three-year 6 per cent. notes, dated January 2, 1908, to be secured by $8,471,000 5 per cent. gold bonds of 1907 with which to pay off the claims. No dividends were to be paid until the notes have been retired. See below. This plan was declared effective and the receivership terminated March 31, 1908.

The stockholders on March 9, 1911, approved a consolidation with the Westinghouse Foundry Co. and authorized a new mortgage for $10,000,000 covering the combined properties. A voting trust will control the election of directors during the life of the company's 6 per cent. collateral notes, in the interest of the noteholders.

THE J. S. YOUNG CO.

A corporation formed under the laws of Maryland in 1911. The company was organized in pursuance of the decree of the United States Circuit Court at New York, November 16, 1911, for the disintegration of The American Tobacco Co. and certain of its subsidiary and controlled organizations. One of the latter under the plan embodied in the decree conveyed its factory for the manufacture of licorice paste at Baltimore, theretofore owned by the MacAndrews & Forbes Co., to The J. S. Young Co., which the plan provided should be formed for the purpose. The sale included the brands, good will, etc., of said factory, the selling value of the product on the basis of its 1910 business having been $1,201,110. It was further provided that as consideration for the factory and business so transferred, The J. S. Young Co. should issue its entire $1,000,000 of common and $1,000,000 of preferred stocks to the MacAndrews & Forbes Co. The latter was required to distribute the common stock to its own common stockholders, including The American Tobacco Co., which in turn distributed the stock so received to its common shareholders. UNITED STATES OF MEXICO

External Debt

Consolidated external gold loan, 5 per cent., quarterly, Jan., April, July and Oct...	$103,[illegible]
4 per cent. gold bonds of 1904 due Dec., 1954, June and Dec.....	37,[illegible]
Total.....	$141,[illegible]

There are also various internal loans payable, interest and principal, in silver, amounting to a par value of upwards of $150,000,000.

The Mexican consolidated external 5 per cent. gold loan of 1899 was created to refund and retire outstanding 6 per cent. and 5 per cent. gold bonds aggregating £16,283,000. A majority of the old bonds was exchanged for the new 5s, the balance being called and paid off. The principal of the loan was £22,700,000, agreed equivalent in United States currency at $4.85 to the £, or $110,095,000; in German marks, 463,000,000. The bonds are coupon, to bearer, and are without provision for registration. They are issued in fixed denominations of £20, £100, £200, £500 and £1,000, or $97, $485, $970, $2,425 and $4,850, respectively, in United States gold coin of the present standard, also in German marks. Coupons are payable quarterly on January (1) April, July and October. Each quarterly coupon of the £200 bonds calls for £2 10s., $12.12½, or 51 marks. Coupons on bonds of the other denominations are in proportion to these amounts. Coupons are payable at holder's option either in London by Morgan, Grenfell & Co.; in New York by J. P. Morgan & Co.; in Berlin by S. Bleichroder or the Deutsche Bank and in Amsterdam. The first coupon matured April 11, 1900.

No period is fixed for the maturity of the bonds. The Mexican Government, however, obligates itself to pay from January 1, 1900, a semi-annual sinking fund of 0.31 per cent. of the original amount of the loan. By the operation of the sinking fund it is calculated that the entire issue will be retired within forty-five years. Bonds may be purchased for the sinking fund at or below par or drawn and retired at par. After July, 1909, the Mexican Government has the right to increase the sinking fund payments or to pay off the loan at par on three months' notice. The bonds and coupons are free from any existing or future Mexican tax. Bonds drawn for the sinking fund are payable at holder's option by any of the firms named above as agents for the payment of coupons at the fixed equivalent amounts in the currencies of the respective countries. As security for the interest and sinking fund the Mexican Government pledged 8 per cent. of its combined import and export duties.

The 4 per cent. gold bonds of 1904 were $40,000,000 in amount, divided into two series A and B respectively. The issue was created to pay off $18,500,000 of 4½% gold treasury notes due June 1, 1905, and June 1, 1906, which were called for redemption February 1, 1905; $15,123,000 6 per cent. silver subvention bonds for the Vera Cruz & Pacific Railway (now Vera Cruz & Isthmus Railway Co.) and the Mexican Southern Railway and certain amounts of specie silver obligations issued for the construction of various railways and harbors. Principal and interest are payable in New York in United States gold coin at the office of Speyer & Co., or, at the holder's option, in London, at the rate of $4.86 per pound sterling, or in Frankfort or Berlin at the rate of 4.20 marks per dollar, or in Paris at the rate of 5.18 francs per dollar. The bonds are in the denominations of $1,000 and $500 United States gold coin or the equivalents in foreign currencies. They are dated December 1, 1904, mature December 1, 1954, and have coupons attached payable June 1 and December 1. The bonds are to be always exempt, both as to principal and interest, from all Mexican taxes already established, or that may in future be established by any authority. A semi-annual sinking fund provides for the gradual retirement of the bonds in fifty years. During the first five years bonds are to be drawn for redemption at par.

after that time bonds will be purchased in the market, if the market price be below par; otherwise they will be drawn at par. Except by the operation of this sinking fund the bonds are not subject to compulsory retirement.

The Mexican Government has guaranteed by indorsement an issue of $7,000,000 1st mortgage 4½ per cent. bonds, due July, 1934, interest January and July, of the Vera Cruz & Pacific Railway Co., now the Vera Cruz & Isthmus Railway. See statement of the latter in the Railroad Section of the MANUAL.

On April 6, 1908, it was announced that the Mexican Government would guarantee by indorsement both interest and principal of an issue of $160,000,000 in United States gold 4½ per cent. general mortgage sinking fund redeemable bonds of the Ferrocarriles Nacionales de Mexico (National Railways of Mexico), the company organized to consolidate the Mexican Central Railway Co., Limited, and the National Railroad Co. of Mexico. Details of this issue are given in the statement of the National Railways of Mexico in the Railroad Section of the MANUAL.

REPUBLIC OF CUBA

EXTERNAL DEBT

External debt, 5 per cent. gold bonds, due March, 1944, March and Sept	$33,980,000
External loan, 4½ per cent., due Aug, 1949, Feb. and Aug	16,500,000
Total	$50,480,000

The 5 per cent. gold bonds of 1904–1944 were issued in conformity of a law passed by the Congress of Cuba, February 22, 1903, as amended January 25, 1904. By this law the President of the Republic was authorized to issue a 5 per cent. loan in gold, in money of the United States or in sterling, at the rate of $4.86 for each £. The coupons and bonds are payable at the option of the holder in New York in United States gold coin; in London in pounds sterling; in Frankfort and Berlin in reichsmarks, and in Paris in francs. The Republic of Cuba pledges its good faith for the payment of the bonds and the principal thereof, the law authorizing the loan having created special taxes upon wines, liquors, tobacco and other articles, which taxes shall remain in force during the life of the loan or any part of it. Under the contract between the Government of Cuba and Speyer & Co., New York, for the sale of the bonds to that house, dated May 11, 1904, the Government furthermore, as special security for the loan, pledged, with preference over any future pledges or hypothecations, 15 per cent. of the customs receipts of the Republic, a sum equal to which is to be paid weekly to Speyer & Co. in New York, or their agents in Havana, until the amounts received by them are equal to the amount required for the annual charges for the year then current for interest and sinking fund payments. If the 15 per cent. of the customs receipts shall prove insufficient, the Cuban Government agrees to set aside and pledge such an additional amount of the customs receipts as will in eleven months produce the requisite amount.

There is a sinking fund for the redemption of the bonds, which commenced March 1, 1910, the same consisting of $1,020,000 per annum, to be paid to Speyer & Co. in monthly instalments of $85,000 each. These amounts shall be applied to the purchase of bonds at par; otherwise bonds can be drawn by lot for redemption at par and interest.

Coupon bonds may be exchanged at the office of Speyer & Co., New York, for registered bonds. Principal and interest of the registered bonds are payable only in United States money at New York, and such registered bonds may be re-exchanged for coupon bonds.

The 4½ per cent. external loan due August, 1949, is limited to $16,500,000 as the amount authorized by decree of the Provisional Governor of Cuba, with the approval of the Secretary of War of the United States, this authorization having been given in 1909. Under the terms of the decree the proceeds of the loan are to be devoted to the retiring of $2,196,585 6 per cent., bonds of the Republic of Cuba and to pay for sewering and paving the City of Havana, the extension of its water supply, and the installation of a water and sewer system in Cienfuegos. Under agreement between the Republic of Cuba and Speyer & Co., New York, dated August 15, 1909, the Government is to deliver only $5,500,000 of these bonds each year. The first instalment of $5,500,000 was so delivered in September, 1909, the second instalment of $5,500,000 in February, 1910, and the third and last instalment of $5,500,000 in February, 1911. Principal and interest are payable in New York, in United States gold coin, at the office of Speyer & Co.; in London, at $4.86 per £1; in Berlin or Frankfurt, at 4.20 marks per dollar, or in Paris, at the rate of 5.18 francs per dollar. They are redeemable on the first day of any month at 105 and interest upon 30 days' notice, and on and after August 1, 1919, will be subject to drawing, at par and interest, for the sinking fund. The Government of Cuba pledged as much of its customs receipts as shall be necessary for the interest and sinking fund requirements. Bonds are in denominations of $1,000 each in coupon form.

The Republic of Cuba also has various internal loans incurred since the formation of the present government of the island.

UNITED STATES OF BRAZIL

STATE OF SAN PAULO

State of San Paulo 5 per cent. bonds, due January, 1919, Jan. and July. ..... £15,[illegible]

The 5 per cent. bonds of the State of San Paulo, Brazil, are guaranteed by the United States of Brazil under a decree dated December 9, 1908. The bonds are secured by a surtax of [illegible] tax of 5 francs per bag on all coffee grown in, or exported from the State of San Paulo, also coffee amounting to about 7,000,000 bags belonging to said State and located at ports in Europe and the United States. The bonds are redeemable semi-annually from the [illegible] derived from the surtax and sales of coffee through the purchase of bonds below par, or by annual drawings at par in June and December, drawn bonds to be paid on the first of the following months of January and July. Under the provisions of the sinking fund, a large amount the issue had been called and retired to February, 1911, inclusive. The bonds are in coupon [illegible] in denominations of £1,000, £500, £200, £100, £50 and £20, and their respective equivalents in francs, marks, guilders and dollars, at the rate of 25.12 francs, 20.40 marks, 12.05 guilders and $4.86 respectively to the pound sterling. Interest and principal are payable in London and other European cities, and at the National City Bank, New York.

ARGENTINE REPUBLIC

Internal gold loan of 1909, 5 per cent., red. after March, 1914, March and Sept., g. pesos.. 50,[illegible]

The 5 per cent. internal gold loan of 1909 is for 50,000,000 gold pesos; 252,000,000 francs, £10,000,000 sterling; 204,500,000 marks, and $48,650,000 United States gold. Principal and interest are payable in Buenos Aires in gold pesos: in London in pounds sterling, at the rate of exchange of 4 shillings per peso; in Paris in francs, at 5 francs 4 centimes per peso; in Berlin in reichsmarks, at 4.09 per peso, and in New York, at $0.973 per peso; free of all present and future Argentine taxes. Provision is made for a sinking fund of one per cent. By the operation of the sinking fund the loan will be paid off in 36 years at the latest. The contract with the Argentine Government provides that said fund is to be applied half-yearly to the purchase or tender of bonds at or under par or by drawings at par should the bonds be at or over par. The first operation of the sinking fund was in December, 1909. Drawn bonds are payable on March or September 1 following the date of the drawing. The Government undertakes not to increase the sinking fund or to redeem the whole of the loan before March 1, 1914. There was issued in the United States £2,000,000 or $9,730,000 of the bonds, the same being offered in February, 1910, by J. P. Morgan & Co., the First National Bank, New York, and the National City Bank, New York, and associates in other cities at $963.27 per 1,000 peso bond. They are in denominations of 1,000 gold pesos, or $973.

DOMINICAN REPUBLIC

Customs Administration bonds, 5 per cent., due Feb., 1958, Feb. and Aug.....$13,9[illegible]

The Customs Administration 5 per cent. sinking fund bonds are $20,000,000 authorized by Dominican law, dated September 16, 1907. They were issued under a treaty with the United States of America, dated February 8, 1907, whereby the administration and collection of all customs of the Republic whether imports or exports during the life of the bonds shall be effected by a General Receiver appointed by the President of the United States, and applied to the service of the loan and that out of these collections the General Receiver shall pay to the Fiscal Agent the sum of $100,000 on the first day of each month. The Dominican Government on September 1, 1907, made a Fiscal Agency Agreement with the Morton Trust Co., now the Guaranty Trust Co., New York, which provides that payment of said bonds is secured as to both principal and interest as a first charge upon all customs duties under said Treaty with the United States. The bonds are dated February 1, 1908, and are payable principal and interest in United States gold coin at the office of the Guaranty Trust Co., New York, Fiscal Agent, and in London at the fixed rate of $4.87 to the £1; in Paris at 5 francs, 17½ centimes to the dollar and in Hamburg, Germany, at 4 marks, 20 pfennigs to the dollar. The payments of $100,000 each month by the General Receiver to the Fiscal Agent is to provide for the interest on the bonds and a sinking fund of $200,000 per annum, the General Receiver being also required to pay to the Fiscal Agent for the sinking fund one-half of any surplus customs revenues in excess of $3,000,000. The Republic may at any time make additional payments for account of the sinking fund. Bonds are to be purchased for the sinking fund at not exceeding 102½, and if they cannot be purchased at that price are to be drawn by lot for same. Bonds in the sinking fund are to be stamped "not negotiable" and to be kept alive for its benefit.

P. ., New York; Drexel & Co., Philadelphia, and Kidder, Peabody & Co., Boston. subscriptions aggregated about half the amount of the loan, and allotments of 35 made thereon.

per cent. annuity stock was issued in 1884 to refund 3 per cent. consols. Since Jan- nay be redeemed as Parliament shall decide. Interest is payable quarterly, January y and October, at the Bank of England. The stock is either "inscribed" or in upon bonds to bearer.

er cent. annuity stock was created in 1853, and various amounts have been issued to ligations. The stock matured in 1895, but was extended to January, 1905, since be redeemed on one month's notice, as Parliament decides. Interest is payable uary (5), April, July and October, at the Bank of England.

inable annuities represent a description of sinking fund by which a portion of the al debt is paid off, and, after a certain time, the capitalized sum entirely extinguished. Acts of Parliament, the Treasury is empowered to grant annuities for a term of nge for permanent stock. A holder of £1,000 of 2¾ per cent. consols, for example, them to the Treasury in return for a fixed payment for a term of twenty years, the ancelled by the operation.

on the various classes of British funded obligations is subject to the regular income nt., which is deducted from the coupons at the time of payment thereof.

IMPERIAL JAPANESE GOVERNMENT

ncy of Japan is gold standard, the yen of that country consisting of 100 sen, and grains of gold, 900-1,000 fine. Its value is 99.7 cents.

GOVERNMENT BONDS

2d series, 4½ per cent., due July 10, 1925, Jan. (10) and July.....	£29,500,000
f 1905, 4 per cent., due Jan., 1931, Jan. and July	£25,000,000

other government bonds both internal, in yen, and external, in sterling, for a nount.

er cent. sterling bonds were created in March, 1905, and were offered for subscrip- n and New York, one-half of the amount being allotted to each city. The bonds form in denominations of £100, £200 and £500. Interest and principal are pay- at London at the office of the Yokohama Specie Bank, Limited, or at its agency at the fixed rate of exchange of $4.87 per £1. This loan is repayable at par, Feb-

ruary 15, 1925, but the Japanese Government reserves the right to redeem at par all or any of the bonds on or at any time after February 15, 1910, on giving six months' previous notice. Partial redemption to be effected by drawings at the office of the Yokohama Specie Bank, Limited, London, and the New York agency of the same bank, in the usual manner. The loan is secured as to principal and interest by a first charge upon the annual net revenues of the Imperial Japanese Government Tobacco Monopoly. The Imperial Japanese Government has the exclusive right to control the cultivation and production of the leaf, and to purchase, import, manufacture and sell tobacco. It thus possesses the entire monopoly of the tobacco trade within the limits of the Japanese Empire. The estimated net revenue for the fiscal year 1905–06 from this source was 72,072 yen, which, at the exchange of two shillings and halfpenny per yen, is equal to £3,[illegible] 18s. 8d.

The 4 per cent. sterling loan of 1905 was offered in November, 1905, for subscription in London, New York, Paris and Berlin, £3,250,000 being allotted to New York; Kuhn, Loeb & Co., New York; the National City Bank, New York, and the National Bank of Commerce, New York, offering the same for subscription in November, 1906, at 87 and interest. The authorised amount of the loan is £50,000,000, the unissued balance of £25,000,000 being reserved to convert or redeem the two series of 6 per cent. sterling bonds. The bonds are in coupon form, in the denominations of £10, £20, £100, and £200. Interest is payable in sterling at the office of the Yokohama Specie Bank, Limited, London, or at its agency in New York, at the fixed rate of exchange of $4.87 per £1. Interest is also payable at Paris, through De Rothschild Frères, and at Berlin through the Deutsch-Asiatische Bank. The loan is divided into series of £1,000,000 each and is redeemable at par on January 1, 1931, but the Japanese Government reserves the right to redeem at par all or any of the series of bonds on or at any time after January 1, 1921, on giving six months' previous notice; partial redemption to be effected by drawings of complete series in the usual manner at the office of the Yokohama Specie Bank, Limited, London, and notice of the distinctive number or numbers of series drawn will be given by advertisement in two newspapers in each place where the coupons are payable.
